ROOSEVELT BARS SENATOR LORIMER

Refuses Flatly to Attend Banquet by Hamilton Club in Chicago Unless Blonde Boss be Excluded.

WIRES CLUB ULTIMATUM ON THAT POINT

Hamilton Club Stands for It and the Invitation to Lorimer is at Once Recalled.

Freeport, Ill., Sept. 8.—Colonel Roosevelt refused flatly today to attend the banquet to be given tonight by the Hamilton club in Chicago unless Senator Lorimer is excluded.

He demanded that a telegram to that effect be sent to the senator.

A committee of sixteen members of the Hamilton club, headed by former Judge John H. Batten, came to Freeport from Chicago in a special car today and met Colonel Roosevelt who is here to attend the county fair. They came to make arrangements for the dinner tonight.

The committee met him at the fair grounds and the colonel at once asked who is to attend the dinner.

"Is Speaker Cannon to be there?" he asked.

"Yes," Mr. Batten replied. "He accepted the invitation."

Will Not Break Bread With Lorimer

"How about Senator Lorimer," he asked.

"Senator Lorimer is a member of the club," he was told. "He has accepted an invitation to the dinner."

"Then I must decline to go," said the colonel.

He added that he would feel the same about the presence of Senator Lorimer as though members of the Illinois legislature who are involved in the graft investigation should be present.

The members of the committee told the colonel they would go back to Chicago and inform Lorimer of his views. "No," Colonel Roosevelt replied." Send him a telegram telling him that I will not attend the dinner tonight if he is there."

LIKE A BOMBSHELL.

Chicago, Sept. 8.—The Hamilton club committee has recalled invitation to Lorimer.

News of Col. Roosevelt's ultimatum dropped bomb-like into gatherings of Hamilton club members, both at the club house and at the Congress hotel, where hundreds of members had assembled to complete details for the former president's reception.

Consternation was quickly followed by a cross-fire of discussion in which every one took part. Then some of the better known members who had not gone to Freeport to meet Col. Roosevelt, mingled in the groups of talking, gesticulating men and urged that they use caution in their remarks.

"Don't talk to newspaper men for publication," they reiterated.

When seen at his down town office Senator Lorimer refused flatly to discuss the attitude of Col. Roosevelt regarding tonight's banquet.

"I have received no official notification of the reports from Freeport," said Senator Lorimer, "and until I do I will say nothing whatever regarding the matter."

Senator Lorimer was besieged by newspaper men as soon as he arrived at his office. He persisted in his refusal to comment upon the situation and declined to read a dispatch from Freeport, from a press representative giving the news of Col. Roosevelt's refusal to sit at the banquet with him.

Received a Message.

After he had entered his private office a messenger brought a telegram which was received by officials of his bank and then sent to Senator Lorimer.

Several minutes later he opened his office door and stepping out into the main corridor was again surrounded by reporters.

"I have received no telegram regarding the banquet tonight," said the senator. "It is possible that my secretary has received some message. The secretary told Senator Lorimer that no message of that nature had been received and Senator Lorimer again declared, "I have nothing whatever to say concerning the incident."

"If I should change my mind and decide to make a statement I shall be glad to give it to you gentlemen," said the senator closing the interview in his most urbane manner. His private secretary told the senator that an invitation and a ticket for the banquet had been received for Senator Lorimer.

BIG PROGRAM IN CHICAGO.

Luncheons, Receptions and Banquets Galore for Colonel.

Chicago, Sept. 8.—Extensive preparations have been made for the entertainment of Col. Roosevelt upon his arrival in Chicago from Freeport, Ill., late this afternoon.

From the time that he arrives over the Northwestern railroad at 4:55 o'clock tomorrow morning Col. Roosevelt will be the central figure in a series of social affairs, managed by members of the Hamilton club.

Following a brief informal reception and preceding a late formal reception the distinguished visitor will be the chief guest at a large banquet to be given at the Congress hotel. There will be 100 diners at the banquet including several United States senators, the governors of nearby states, and other notables.

A Few Standpatters There.

Gov. Deneen, of Illinois, and Mayor Fred A. Busse, of Chicago, will deliver brief addresses of welcome at the banquet. Among those who will be seated at the speakers' table are United States Senators William Lorimer, Robert J. Gamble, Albert J. Beveridge, Speaker Joseph G. Cannon and Charles W. Fairbanks, former vice president.

Although the banquet is the big event of the day the Hamilton club arrangement committee have planned a great public ovation for Col. Roosevelt when he reaches the Wells street station this afternoon. A large portion of the membership of the club and many school children will be at the station to voice yells and songs written in honor of the guest.

Preceded by motor cycle police and flanked by a squad of mounted officers, Col. Roosevelt will be taken to his hotel by a large reception committee in automobiles. The banquet is set for 6 o'clock and the club committee in charge says it will start on time.

African Motif Will Rule.

Three of the large banquet halls at the hotel have been decorated for the occasion. Two of these will be used for the banquet proper and the third will be the scene of the reception following the banquet. This latter room, the English room, has been transformed into a representation of a jungle. The African motif will be prominent in many such details and among other things, the chef of the hotel has constructed a candy piece four feet high representing Col. Roosevelt upon an elephant with two negro gun bearers in the midst of palm trees.

TRAIL GRAFT FROM BROKER TO THE CAPITAL

New York Commission Hot in the Quest of the Boodlers.

New York, Sept. 8.—The effort to trace Metropolitan Street Railway cash, through the brokerage firm of Ellingwood & Cunningham to the accounts of various members of the legislature of 1900 was expected to engage for a considerable time today the attention of the legislative probers into alleged graft in connection with legislation at Albany.

When the committee adjourned yesterday, the examination of the witness considered to be the most important of the day, George Carpenter, formerly bookkeeper for the defunct brokerage firm, had not been completed.

Got a Check from Vreeland.

He stated that H. H. Vreeland, president of the Metropolitan Street Railway company, had on April 17, 1900, given the firm his check for $5,000, of which amount, according to Carpenter's reading from the firm's books, the account of Louis Bedell, then chairman of the committee on railroads of the state assembly, had been credited with $2,375 while the balance had gone in nearly equal parts to the accounts of former Senator Goodsell and of G. T. Rogers.

Various account books which the committee needs in its probing were not available yesterday and efforts were being made today to have them produced. The committee has intimated that it may take drastic measures if the documents in question are not promptly submitted to it.

American Charge at Panama Warns Tiny New Republic to Beware.

UNCLE SAM READY TO TAKE HER IN

Diplomat's Admonition to the Radicals Causes a Huge Sensation.

Panama, Sept. 8.—In an interview today Richard O. Marsh, charge d'affaires of the American legation at Panama, intimated that if the Panama government should ignore the wishes of Washington, the United States would be compelled to occupy or annex the republic of Panama.

Mr. Marsh's statement was made as a consequence of the evident intention of the liberal party, which has a majority in the assembly, to elect as the next vice president to fill the unexpired term of the late president, Obaldia, an anti-American citizen.

Mr. Marsh made this statement:

"If, in view of all that the American government has done for Panama and its great interest, present and future, on the isthmus, the Panama assembly and government should persistently refuse to accede to the clear wishes of the American government, that government can only adopt such means to prevent such opposition in the future as occupation and annexation."

The foregoing is published in today's papers and has stirred up a sensation.

POPE ISSUES STERN ORDER AGAINST MODERNISM

Stringent Measure to Protect the Faith from Any Taint.

Rome, Sept. 8.—Pope Pius XI today issued a motu proprio giving new and practical measures to be adopted against the growing modernist campaign.

The pontiff reiterates all of the rules previously set forth against modernism and especially in the encyclical ascendi and adds that the bishops and the rectors of Catholic colleges must watch attentively the development of the young clergy, seeing to it that they are well prepared to fight error, forbidding them to read newspapers and periodicals and avoid distracting them from their studies.

Every professor in beginning his course, every acolyte before being promoted, every new confessor, curate, canon or holder of a similar office and every ecclesiastical official before taking possession of his post must take an oath of loyalty to the healthy Catholic doctrine and discipline.

RAIN HALTS MANEUVERS.

Indianapolis, Ind., Sept. 8.—With the reservation at Fort Benjamin Harrison resembling more a naval base than an army rendezvous, all maneuvers were abandoned today. Brigadier General McKee, of Indiana, was to have been in charge of the field program today. The brigade is scheduled for late today, if the sun appears long enough to dry the camp from this morning's rain.

THE WEATHER.

Chicago, Sept. 8.—Illinois—Partly cloudy tonight and Friday; cooler tonight in north portions; cooler Friday.

Indiana—Unsettled and much colder tonight with showers in east and south portion; Friday fair, with colder in south portion; moderate to brisk southwest, shifting to northwest winds.

Lower Michigan — Unsettled and much cooler tonight, with showers in southeast portion; Friday, partly cloudy, with colder in southeast portion; brisk northwest winds.

Ohio—Showers tonight, with colder in north and northwest portions; Friday partly cloudy and cooler; moderate south, shifting to northwest winds.

TO PROVE REMAINS ARE THOSE OF ACTRESS

Important Testimony Put in at Session of the Crippen Trial.

London, Sept. 8.—At the resumption today of the trial of Dr. Hawley H. Crippen and Ethel Clara Leneve for the murder of the former's wife, Public Prosecutor Humphreys introduced evidence to establish the claim of the crown that the parts of the mutilated body found in the Crippen home once formed a part of the person of Belle Elmore, the missing wife, and to so strengthen what has been popularly regarded as the missing link in the chain of circumstantial evidence against the accused.

The first witness called was Mrs. Adeline Harrison, whose acquaintance with Belle Elmore had extended over a period of twelve years. Mrs. Harrison was asked to examine strands of hair found when the dismembered body was uncovered. Having done so she swore that she recognized the exhibit as similar to that worn by Belle Elmore.

Torn Underwear Introduced.

A torn bit of feminine underwear also discovered by the searchers in the cellar was next introduced. The witness declared that she had been Belle Elmore clothed in under garments of a like texture. Testimony had been offered before showing that the lower part of the body bore a scar, the result of an operation. Mrs. Harrison testified that she had seen a similar scar on the body of her friend.

The accused were seated within the dock within whispering distance and the doctor took advantage of the opportunity to speak to the girl.

Miss Leneve presented a woebegone appearance and did not seem anxious to converse. Crippen, to whom his spectacles had been returned for the first time since his arrest, appeared as the Crippen of early photographs. He spoke to the girl anxiously and she replied in monosyllables.

Line of Defense Indicated.

In his cross-examination of Mrs. Harrison, Arthur Newton, representing Crippen, detracted somewhat from the strength of the evidence and incidentally indicated what is believed to be the line of defense. In reply to Newton's questions, the witness assented to the suggestion that the hair, the portion of a woman's vest and the curling iron found in the Crippen cellar were not only similar to those worn usually by the missing woman but also resembled thousands of others. When Mrs. Harrison left the stand the prosecution called the chemist who claims that he sold hyoscine, a deadly poison, to Crippen. The witness testified that the doctor purchased five grains of the drug on Jan. 19, explaining that he required the poison for use in homeopathic preparations. As is required of purchasers of poisons, he signed the registry book of the store, making this inscription: "Munyerper H. H. Crippen."

Inspector Dew Again.

Inspector Dew, who arrested the fugitives and brought them back from Quebec, re-entered the witness box today and read a lengthy statement signed by Crippen when the police first asked him to make an explanation of his disappearance from London after suspicion had been directed against him. The gist of the statement had already been covered by Humphreys in his opening address. Inspector Dew also testified regarding the search of Crippen's house and told of finding there a loaded revolver and also a box of cartridges.

The statement which Crippen made to Inspector Dew Concluded:

"My belief is that my wife has gone to Chicago to join Bruce Miller."

Trial Is Adjourned.

In cross-examining the inspector, Solicitor Newton drew out the state-

EXPLOSION ON THE NEW BATTLESHIP NORTH DAKOTA

Several Men Killed by an Oil Blast — Details Are Meager.

Hampton, Va., Sept. 8.—A report reached here at 3:45 p. m. that an explosion had occurred on the battleship North Dakota. Two men are said to be dead and fifteen injured. The report is that an oil tank exploded on the ship, which was just off Thimble Light. Hospital ship has gone to Thimble Light. Particulars are unobtainable. The North Dakota was coming to Old Point and the explosion is said to have occurred at 1:30 this afternoon.

3:20 p. m.—Late reports from the North Dakota say the accident resulted from the explosion of a barrel of oil in the fireroom.

The hospital ship Solace has started toward Fort Monroe. The North Dakota is emitting smoke from one end to the other.

All ships of the Atlantic fleet are flying flags at half-mast.

A report from Ocean View stated that the hospital ship Solace had left the North Dakota after remaining alongside for half an hour and was on her way to the naval hospital at Portsmouth. It was said that the other ships in the Roads were steaming in toward Old Point and that the ship on which the accident had taken place appeared to be getting ready to move as smoke was coming from its funnel.

Twisted steel about midship, indicating an explosion, was discernible from the hotel at Ocean View, it was reported.

A special dispatch to the Norfolk Ledger-Dispatch from Old Point Comfort at 3:15 says that seven men have been killed and 100 injured in the explosion on the North Dakota.

The North Dakota is a first class battleship and was launched from the yard of the Fore River ship building yards on Nov. 1, 1908. She is 510 feet long in load water line with a breadth of 85 feet at the same point, and has a length over all of 518 feet 9 inches. Her displacement is 20,000 tons, 2,000 tons in excess of the original British Dreadnought. She carried 24 guns and is of 25,000 horse power. It was estimated that when formally taken over by the government from the builders that the North Dakota cost at least $7,000,000, the contract price of her hull and machinery alone being $4,375,000.

The commander of the North Dakota is Charles P. Plunkett and including her officers the crew numbers more than 900 men.

THREE FEET OF SNOW.

Michigan City, Ind., Sept. 8.—Snow three feet deep was found in Michigan City today. Last December workmen opened a sand pit at the foot of Hoosier slide, a sand hill near the shore of Lake Michigan and the place became filled with snow, over which sand drifted later. The pit was reopened today and a bed of snow three feet deep was found.

PINCHOT FRAMES BROAD PROGRAM

Deposed Forester Presents Formulated Scheme of Conservation.

COVERS ENTIRE FIELD OF POLICY

Leader of Movement Talks to St. Paul Congress of His Views.

St. Paul, Minn., Sept. 8.—Addressing the conservation congress today, Gifford Pinchot, ex-chief forester of the government, drew in sharp outlines his platform for the conservation of the natural resources of the nation—the waters, the lands, the minerals, the forests and the national efficiency.

Mr. Pinchot was given a fine reception when he arose to speak. He declared himself distinctly for nationalism, but gave full credit to the potentialities of the states in the great scheme of conservation.

Mr. Pinchot's Address.

Mr. Pinchot spoke in part as follows:

"Like nearly every great reform, conservation first passed through a period of agitation and general approval. During this period, it met with little opposition, for as yet it interfered with no man's private profit. From the beginning of the world the preaching of righteousness in general terms has been contemplated with entire equanimity by the men who rise in violent protest the moment their own particular privilege, graft, or advantage comes practically into question. That protest marks the second phase of the reform.

"Within the last two years conservation has passed out of the realm of an unimpeachable general principle into that of a practical fighting attempt to get things done. It has begun to step on the toes of the beneficiaries and the prospective beneficiaries of unjust privilege, and the resulting opposition, considering the quarters whence it comes, is one of the best proofs that conservation is a live movement for the general good.

Insidious Methods of Enemies.

"The people believe in conservation. Now, when any great movement has established itself so firmly in the public mind that a direct attack upon it will not pay, the regular method is to approve it in general terms, and then condemn its methods and its men. So now the demand from the opponents of conservation is not at all that we shall abandon the principle of the greatest good of us all for the longest time in using our natural resources. The soft pedal conservationists merely ask that conservation as applied shall be what they call rational, safe and sane. Safe and sane legislation, as that expression is used by the men who use it most, means legislation not unfriendly to the continued control of our public affairs by the special interests. Safe and sane conservation, as that expression is used by these same men, means conservation so carefully sterilized that it will do the special interests no harm, and the people no good.

Special Interests Hostile.

"When the conservation movement began to tell, it developed without delay that the one great obstacle to practical progress lay in the political power of the special interests. Every effort to conserve any natural resource for the general welfare was met by the legislative agents of the men who wanted to exploit it for their private profit. The effort to get things done in conservation taught us clearly, unmistakably, and with little delay, that so long as the political domination of the great business interests endures, their corrupt control of legislation will carry with it the monopolistic control of the natural resources also. This is what we face today in the effort to apply conservation.

"The fundamental principles of conservation are few and simple. One of the first is that the natural resources

WILL DEFINE WHAT CONSTITUTES A NEGRO

Case Carried to Supreme Court on Sixteenth Strain of Blood.

Washington, Sept. 8.—Just what constitutes a negro in the United State may be a question which the supreme court will be asked to settle in the near future. One-sixteenth negro blood in an individual classifies him as a negro in the District of Columbia, according to a decision by Justice Daniel T. Wright, of the district supreme court, in the case of Isabel I. Wall, an 8-year-old child who recently was barred from a white public school because the principal had information that she was of negro parentage.

The father of the girl attempted to force the board of education to reinstate the child, but failed. Judge Wright reciding she was a negro. The case was appealed to the district court of appeals. If the appellate court affirms Justice Wright's decision an effort will be made to have the supreme court pass upon the question.

REINFORCEMENTS REACH THE FIELD

Republican Member of the Ballinger Committee in St. Paul.

DENBY IS THERE; OLMSTEAD IS DUE

Without Root Vote Will Be a Tie on Most of the Points.

Minneapolis, Sept. 8.—Representative Edwin Denby, of Michigan, one of the republican members of the Ballinger-Pinchot investigating committee, arrived today and will attend the executive session to be held tomorrow. Mr. Denby had been detained by primaries.

Representative Olmstead, another republican member, is expected to arrive tomorrow.

The presence of Messrs. Denby and Olmstead will give the republicans five votes on any action that may be taken. There are four democrat members here and an insurgent republican, Madison, of Kansas.

The democrats are relying on his support on questions at issue. Senator Root, of New York, has not advised the committee, so far as is known, whether he will attend. In any event he could not reach Minneapolis in time for the meeting tomorrow. Without the aid of Mr. Root it is probable that a tie vote would be recorded on certain matters to be acted upon providing Representative Madison assists the democrats.

Action Uncertain.

What action would be taken respecting the resolution adopted yesterday by the four democratic members and one insurgent republican was not known. This resolution declared that the charges of Gifford Pinchot and L. R. Glavis against Ballinger should be sustained and he should no longer be retained in the cabinet.

The findings of the democrats, which will make about 21,000 words, were put into shape for possible presentation tomorrow. Their report is the joint work of Messrs. James, Graham, Fletcher and Purcell. A feature will be the section devoted to the vindication of Mr. Pinchot.

Representative Madison devoted part of the day to final preparation of an independent report which he will present. This is expected to make about 10,000 words. Mr. Madison would not discuss it.

The findings of the republicans undoubtedly will be lengthy. Their nature was not divulged by any of the members.

BALLINGER GROWS BITTER.

Seattle, Wash., Sept. 8.—Secretary of the Interior Ballinger, at the Arctic club smoker given in honor of six clubmen, Secretary of Commerce and Labor Nagel and Attorney General Wickersham last night, spoke bitterly of his detractors.

"With my consciousness of rectitude of my every act in private and public and my determination to go forward in the same path, I do not fear the criticism of any man or set of men," said the secretary.

"It is a time for men to stand by the laws and institutions of our fathers. From the head of the administration through the departments there is a determination to uphold the constitution in the government. Because of this it seems criticism of me, whether true or untrue, has made me unfit to hold office. If this is the case, then every public man may be disqualified by the attacks of the disingenuous, the hypocrite and the fanatic.

"I do not propose to enter a plea of guilty because there is not one particle of truth in all the allegations brought against me, and I shall take none of your time in making a defense, for in this community I need no defense."

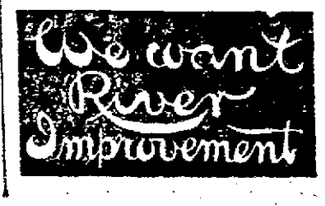
Secretary Ballinger was received with long applause from his hearers when introduced by United States District Judge Cornelius Hanford, who made the Ballinger-Pinchot committee meeting in Minneapolis yesterday the subject of his discourse. The judge declared that Mr. Ballinger had been singled out as an "object of the malevolence of the muck-rakers and denounced the action taken at Minneapolis yesterday as "an outrage unparalleled."

ROOT BACK; MUM ON POLITICS.

Refuses to Say Whether He is for Roosevelt in New York.

New York, Sept. 8.—Senator Elihu Root, special representative of the United States in the fisheries debate at the peace tribunal at The Hague, returned with Mrs. Root yesterday after an absence of three months. The senator fought shy of politics, and he would not say whether he was arrayed in the New York fight for or against ex-President Roosevelt, under whom he served as secretary of war and then as secretary of state. Asked point blank if he favored direct primaries, he looked angry.

"You have no right to put that question," he said sharply. "And if I am to be catechised as to my political views I will end the interview right here."



QUEER METHOD WAS EMPLOYED BY A LABORER

Bought Valuable Gun to Protect $50—Slept in a Shed.

Antonio Rembrozo, or something like that, has some queer ideas about guarding his wealth and about the time he puts them into execution two or three times he will not need them. He had less than a hundred dollars and bought an expensive revolver and a knife to protect himself from robbery and then went and lay down to sleep in a shed near the old foundry building at Harrison and Superior streets instead of paying for a bed in a room where he might have been reasonably safe.

In the city court today he was fined $10 and costs, amounting to $21, the sheriff was instructed to destroy his revolver and a knife and he left with about half of his resources gone. When Patrolman Harzel went after him he attempted to draw his revolver.

The Other Cases.

A case of assault and battery against James Fry, preferred by Blanche Tobias, went over until tomorrow.

Phin Reilly and Albert Overly were charged with malicious trespass and their cases were continued until next Tuesday.

Cyrus Calloway got drunk and wandered along the Nickel Plate track and came near being run down by a switch engine. He was fined $5 and costs.

William Slagle and John Kennedy, plain drunks, were fined $1 and costs each.

Ed Fitzpatrick would not leave his boarding house when he was ordered to and was fined $1 and costs for trespass.

PATRICK KELLY DIES AT AGE OF 88 YEARS

Helped to Build Railroad Through Fort Wayne —The Deaths.

Patrick Kelly, 88 years of age, a retired employe of the Pennsylvania company, died at 8 o'clock this morning at his home, 515 Walnut street, from a complication of diseases and the infirmities of age.

Mr. Kelly came from Ireland to America more than fifty years ago, and was one of the men who worked on the building of what is now the Pennsylvania railroad through Fort Wayne. He was in the company's employ a total of forty-five years, and some years ago was placed on the pension roll. His marriage was one of the first nuptial ceremonies solemnized in the present Cathedral in this city. He is survived by three daughters and a son—Miss Margaret C. Kelly, John H. Kelly and Mrs. J. F. Sullivan, of this city, and Mrs. Clemens Kaylor, of Mishawaka.

Funeral services Monday morning at 8:30 o'clock from the residence and at 9 o'clock from St. Patrick's Catholic church, of which the deceased was a devoted member.

FUNERAL NOTICES.

Meyer.—Funeral services for J. F. W. Meyer will be held Saturday afternoon at 2 o'clock from the residence and at 2:30 from St. Paul's Lutheran church; interment at Concordia.

Sappenfield.—Funeral services for Lillian Sappenfield will be held Friday afternoon at 3 o'clock from the residence, 1332 Zollars avenue.

ADDITIONAL SOCIETY

Hilsenmeyer—Pageler.

The marriage of Mr. John Hilsenmeyer and Miss Emma Pageler will occur at 5 o'clock this evening at the residence of the bride's parents, Mr. and Mrs. Fred Pageler, 539 Montgomery street. Rev. Jacob Miller, of St. Paul's Lutheran church, will be the officiating clergyman, and the attendants are Mr. Albert Scheumann, of Adams county, and Miss Minna Traub, of this city, cousins of the bride. The wedding guests will number about fifty, and Mr. Hilsenmeyer and his bride will leave this evening on a wedding trip to St. Louis. They will reside on Stophlet street. Both bride and groom are well known young people with a very wide circle of friends who will extend the most cordial congratulations. Mr. Hilsenmeyer is an employe of the Electric works.

* * *

Mrs. E. W. Cook is expected home this evening from Cleveland, where she has been the guest of her daughter for several weeks.

The younger boys of the Beta Phi Sigma fraternity have invited a number of girls to join them in a hayrack ride to the Bash farm, southwest of the city this evening and to participate in a dance there. The party will number more than twenty and among the girls will be the Misses Helen Pucket, Lorine Travis, Fern Bowser, Josephine Fleming, Katherine McCurdy, Clara Melching, Eva Smith, Mildred Saylor, Helen Curdes, Nellie Wilt and Mary Evans. Mr. and Mrs. Charles Bash, jr., will act as chaperones.

Misses Frances Dugan and Jean Lutz, of Decatur, are guests today of Miss Martha Kettler, of East Wayne street.

Mrs. William C. Geake and children will return tomorrow from a two months' visit with relatives and friends in eastern Pennsylvania.

Miss Laura Walters will entertain at her home on West Creighton avenue this evening in honor of Miss Myra Smith and Mr. John Vesey, whose marriage is to occur this month.

Mr. George T. Sunley and family, of 605 Holman street, are home after a visit of two weeks in Sioux City, Iowa.

Split-Log—Crow.

With high mass being celebrated at 9 o'clock at St. Patrick's Catholic church by Rev. Father Delaney this morning, the marriage ceremony for Miss Mae Crow and Mr. Rudolph Split-Log took place. The bride looked very sweet in a dress of champagne colored silk Poplin trimmed with point d'espray lace. She wore a white hat trimmed in white tulle and ostrich plumes. Miss Margaret Palmer attended the bride and was gowned in a dress of turquoise blue trimmed with handsome cream lace, and she wore a hat of tan felt trimmed in blue. The bride carried a prayer-book and Miss Palmer a shower bouquet of bridal roses tied in chiffon. Mr. George Kirchner acted as best man to the groom. Following the ceremony, the bridal party was served with dinner at the home of the bride's sister, Miss Johanna Crow. Immediately afterwards the bride and groom departed upon an extended eastern trip and will be at home to their friends after September 22nd at 1125 Kinnaird avenue. Out of town guests at the wedding were Mrs. Henry Schrum, sister of the bride, of Denver, Colo.; Mrs. Split-Log, mother of the groom, of Sandwich, Canada; Mr. and Mrs. L. E. Crow and Mrs. M. Miller, of Jacktown, O.; Mrs. S. De Feister, of Newark, O., and Miss Margaret Miller, of Columbus.

HOLMES IS INSANE.

Formerly Worked in a Barber Shop in Fort Wayne.

Sheriff A. M. Reichelderfer was notified today that Frank L. Holmes, of Fort Wayne, had become insane at Racine, Wis., and information was sought about the disposal of his case. He is a barber who formerly lived here and worked on West Main street but has lived at Racine with his family since last spring.

COUNCIL LIKELY TO REDUCE LEVY A LITTLE BIT

Appropriations About $20,000 Less Than They Were in 1909.

While the county council was delayed in passing upon the annual appropriations and the tax levy for next year Deputy Auditor Cal Brown had figured out this afternoon that the tax levy can be reduced a little bit, as the total allowed by the body is $20,000 less than it was in 1909.

He approximated the levy for general purposes at 25.15 cents, for bridges .7, court house bonds .7, gravel roads .6, which is about 2½ mills less than last year. This had not been finally passed upon. The council expected to finish its labors up today, but the county commissioners want to clean the interior walls and the decorations in the court house and had an expert here figuring on the job. Just what it will probably cost had not been determined and for this reason the council failed to complete its work.

Contractor Asks Damages.

Alfred R. Putnam, who has the contract for the construction of the Willow Creek ditch, has entered suit against the Grand Rapids and Indiana Railroad company for $1,600 damages alleging that the concern did not comply with an agreement.

He says the company promised to prepare for him to cross its right of way north of Huntertown on Dec. 3, of last year, but deferred it until Jan. 16 of this year and he was out $35 a day while the delay was keeping his outfit from working. T. E. Ellison filed the suit.

Court Notes.

The will of J. A. Dominick Shunk, filed in a Texas court, has been sent here for probate as he owned some property in Allen county.

R. Jeanette Curtis has entered a suit for divorce from George C. Curtis, to whom she was married Dec. 12, 1902. She alleges he abandoned her two years ago and has made no provision for her support. Judge R. B. Dreibelbiss filed the suit.

BACHELDOR IS CHOSEN.

Is Appointed to State Board of Election Commissioners.

Indianapolis, Sept. 8.—M. M. Bacheldor, an attorney of this city, today was appointed as a member of the state board of election commissioners by U. S. Jackson, chairman of the state democratic committee. Mr. Bacheldor takes the place which was offered Bernard Korbley and which he declined.

Following the choice of Mr. Bacheldor, the board met in the office of Governor Marshall and elected Everett W. McGinnis chief clerk to the commission and A. E. Butler, clerk of the state bureau of printing, as assistant clerk.

DENIES THE PURCHASE.

Mr. Cunningham Says Wabash Has Made no Deals for Real Estate.

A. O. Cunningham, chief engineer of the Wabash Railroad company, asks that the statement of a few days ago in which his company is said to have bought a lot of property along Grand street, be corrected. He denies the purchase of property.

The story of the purchase came from the city administration and was given as one of the arguments used against the opening of Webster street under the tracks. The knowledge that the company does not own this property will relieve the city administration of one of the obstacles in the way of deciding upon which street shall be opened.

RITTER RETURNS TO DIRECT MANUAL TRAINING

Will Succeed E. W. Boshart in Fort Wayne City Schools.

Jacob J. Ritter, until a year ago an assistant supervisor of manual training in the Fort Wayne city schools, will return to this city to take the place at the head of the manual training department, succeeding E. W. Boshart, who tendered his resignation a few weeks ago. Mr. Ritter was expected in the city today to begin preparations for the opening of schools on Monday next.

Mr. Ritter came to Fort Wayne in 1905 from Lafayette, where he had been graduated from Purdue in 1904, and for nearly five years did very successful work as an instructor in woodworking and manual training. A year ago he resigned to accept a more lucrative position in the city schools at Decatur, Ill., where he has been equally successful. When the resignation of Prof. Boshart created a vacancy a few weeks ago the place as supervisor was offered to Mr. Ritter, who accepted it conditionally upon his ability to secure a release from his contract at Decatur, where he had been re-engaged for the coming year. Recalling the fact that the Fort Wayne school authorities were obliging enough to release Mr. Ritter from his contract a year ago and permit him to go to Decatur, the school trustees of that city have now reciprocated in making him free to return to the advanced position which he has just accepted here.

Of his departure from the Illinois city the Decatur Herald says: "This will be hard on the local schools for Mr. Ritter has proven himself to be an excellent teacher in every way. He has done much to build up the manual training department and create an interest among his pupils. Not only was he valuable in his particular work, but in the planning of the new high school building as well. He offered many worthy ideas and they have all been embodied in the construction of the building."

BANK CLERKS NAME COMMITTEES FOR NEW YEAR

H. R. Freeman to Address Chapter at First Meeting.

The executive committee of the Fort Wayne chapter of the American Institute of Banking, meeting Wednesday evening at the home of President Clinton R. Willson, formulated plans, named committees and outlined a program for the work of the coming season.

The first regular meeting of the chapter will be held Wednesday evening, September 28, at the Commercial club rooms, where Henry R. Freeman, cashier of the First National bank, will give a talk on "Money of the United States." Another feature of the evening will be the annual adding machine contest for the Sawyer cup, which was won last year by A. O. Pape, of the First National bank.

Officers and Committees.

The officers and committees for the coming year are as follows: President, Clinton R. Willson; vice president, E. F. Scheumann; secretary, A. F. Schack; treasurer, Carl Juergenson.

Membership Committee — George Waldschmidt, chairman; Charles Aumann, Stephen Morris, William Thiel, jr., W. M. Thomas, Fred Heine, August Emerick, George Ralston, Edward Lindman and Charles J. Steiss.

Press Committee—E. A. Bittler, chairman; H. C. Hornel, George Gillom.

Program and Entertainment Committee—M. B. Johnson, chairman; Amos Richey, Edward Hobrock, A. W. Scheumann.

ment that throughout the earlier stages of the investigation of the case Crippen appeared perfectly cool, collected and courteous, affording the police every facility for searching the house.

Counsel tried to get the witness to say that the parts of the body found might have been buried long prior to the disappearance of Mrs. Crippen, but Dew insisted that though portions were decomposed, other bits of flesh remained firm and when cut appeared fresh. Some pieces had been petrified by the action of the lime in which they were buried.

The trial was adjourned to September 14.

PROTESTS AGAINST OVERWORK.

Newcastle, Ind., Sept. 8.—Mayor Forkner will tender his resignation at a special meeting of the city council, which he has called for tonight. The action follows the council's order for the mayor to hold police court whenever needed instead of on Monday only. There are six candidates for the place.

CONCERNING NORMAL TEACHERS

Those who are expecting to enter the Lakeside Normal school next week are asked by the school authorities to come to the building on Tuesday morning, instead of on Monday morning.

POLICE STILL INVESTIGATING.

One Suspect Proved That He Did Not Take Automobile.

The police department is still investigating the attempt to steal an automobile from in front of the Summit City restaurant last night and one suspect was picked up this morning, but satisfied the chief that he was not the man wanted.

The machine belongs to J. V. Banta and the attempt to steal it was discovered by a party at the Randall garage and the men jumped into a car and gave chase. The fellow abandoned the auto after he had struck a bridge support at the G. R. & I. bridge over Main street and had been thrown out. The pursuing party tried to find him, but he made his escape.

The thief had a thrilling time with his endeavor. In crossing the street to turn he crashed into Dr. C. E. Barnett's machine and locked the wheels of the two autos so that about five minutes was consumed separating them. Bystanders fell to with willing hands and gave their aid to the auto pilferer. In the collision he lost one of his headlights and ran away without it, although repeatedly called upon to stop and get it.

NAME COMMITTE TO ATTEND MEYER FUNERAL

Retail Merchants to Honor Memory of Pioneer Druggist.

In tribute to the memory of the late J. F. W. Meyer, the Fort Wayne Retail Merchants' association has named a committee of thirty-five of its members to attend the funeral services for the pioneer druggist, which will be held Saturday afternoon at 2 o'clock from the residence, 527 Meyer avenue, and at 2:30 o'clock from St. Paul's Lutheran church.

This committee, named by the executive board of the association, is composed of the following gentlemen: Paul E. Wolf, W. C. Baade, H. H. Hartwig, E. M. Bailes, M. F. Kaag, Marx Dukes, E. J. Golden, M. Frank, William Hahn, Henry Beadell, E. C. Rurode, Samuel Wolf, W. D. Henderson, D. N. Foster, I. M. Hallenstein, W. F. Graeter, E. C. Shell, Peter Pickard, G. W. Pixley, A. S. Coverdale, William Doehrman, I. Freiburger, William Kaiser, T. J. McKiernan, J. H. W. Schaefer, H. J. Ash, Henry Pfeiffer, C. C. Schlatter, W. R. Seavey, August Bruder, M. L. Jones, L. J. Libbing, A. Mergenthelm, Herman Mackwitz and L. O. Hull. The committee will meet at the Commercial club rooms at 1:15 o'clock on Saturday and proceed in a body to the Meyer residence.

Pall Bearers Are Chosen.

The pall bearers chosen are Messrs. August Freese, Paul E. Wolf, Fred J. Rump, Herman Hartwig, Charles Freese and Martin Schele, the latter two being from the main store of the company, of which Mr. Meyer was president.

Rev. Jacob Miller, Rev. Philip Wambsganss and Rev. August Lange will be the officiating clergymen at the funeral services, and there will be both an English and a German sermon. The interment will occur at Concordia.

BELOIT FARED BADLY.

Beloit, Wis., Sept. 8.—Beloit, which gave Theodore Roosevelt the largest majority of any Wisconsin city when he was elected president, did not see and hear him today because his train was ahead of time. The high school scholars were lining up to greet him when the train pulled into the station fifteen minutes before he was expected. It only remained thirty seconds. Although word had come that there would be a few minutes speech, Mr. Roosevelt did not appear.

TOWN TURNED OUT.

Janesville, Wis., Sept. 8.—Factories were closed, schools dismissed and 5,000 persons gathered here today to greet Theodore Roosevelt. The Roosevelt train made a 5 minutes' stop during which the colonel made a brief speech.

GREETED BY CROWDS.

Freeport, Ill., Sept. 8.—Going through a part of Wisconsin and Illinois Col. Roosevelt was greeted today by crowds of persons at half a dozen stations. Appearing on the rear platform of his private car his speeches were brief and dwelt mainly upon good citizenship.

The colonel while suggesting that there was remedial legislation that could be enacted for the benefit of the people, was forcible in declaring that the main chance for improvement would be through their personal efforts.

Several times during his trip today men in the crowd shouted that he would be the next president of the United States but these words brought no reply from him. The train stopped at Waukesha, Jefferson, Fort Atkinson and Janesville.

FOR CLEANING COURT HOUSE.

County Council Makes Appropriation of $4,500.

The Allen county court house is going to undergo a thorough cleaning the first of next year. The county council this afternoon made an appropriation of $4,500 to the county commissioners for this work. The renovation will include all the walls, the stairways and the dome and wherever any redecorating is needed, it will be done.

COACH YOST HOLDS OUT PROMISE TO COME HERE

Man With Famous Football Smile to Attend the Michigan Banquet.

Coach Yost, the man who has done so much for foot-ball athletics at the University of Michigan and who is the idol of the students of the school, has made a promise that he will attend the banquet to be given by the University of Michigan students for the alumni here within the next week or so.

Coach Yost made this promise to the arrangements committee, saying that he would be in Chicago on the 17th of this month, which has been practically chosen as the date of the banquet. Unless prevented by business reasons, he will make the trip to this city.

On September 20th, the foot-ball squad will gather at Whitmore lake for early fall practice and Coach Yost will leave for that place from here.

President Harry B. Hutchins, to whom an invitation has been sent for the banquet, is now in the east and definite word is expected from him within a day or so. The undergraduates are meeting with a great deal of enthusiasm among the alumni of the city for a U. of M. affair, giving promise that the banquet will be a rousing one.

THE END

FORT WAYNE LAND AND IMPROVEMENT CO. TO WIND UP ITS AFFAIRS.

Twenty years ago the Fort Wayne Land & Improvement company was formed to purchase the old "APPLE ORCHARD" and convert it into the present beautiful section of the city known as Lakeside. Many thousands of dollars were spent in building the dyke, grading streets, laying sidewalks, and planting trees. The first day's sale of lots amounted to $65,000.00. It was unquestionably the most successful real estate project ever pulled off in Fort Wayne.

Now the company feels that its mission has been fulfilled and that the time has come for it to wind up its affairs. The present great era of improvements in that section of the city has led the officers of the Land Improvement company to feel that now is the time to do this.

The new Forest Park boulevard, the new Lakeside park, the completion of the large main sewer and the expenditure of something like fifteen thousand dollars in raising, widening and strengthening the dyke, are improvements that have attracted the attention of our people to Lakeside.

The Wildwood Builders company have just purchased eighteen lots and will proceed at once to build upon them, getting the houses all under roof before winter. The new Forest Park boulevard is rapidly nearing completion. The Lakeside park will next year be enlarged and beautified. The recent improvements to the dyke have removed the last vestige of uneasiness regarding the river from even the most timid. Soon the street car line will be extended to Walton avenue to meet the interurban from Bryan and Hicksville. Everything west of Delta Lake has been sold and nearly every lot built upon; nothing can now be bought there except at a fancy price. The company, however, still owns quite a few lots in different portions of the section east of the lake.

These lots, it is proposed to sell now to the highest bidder. This will be a rare chance to buy close-to-town property at your own price. Generally a price is put upon a lot and you have to take it or leave it. In this sale the highest bidder will get the property. The outlook for a great advance in this property, owing to the east side improvements, is very great.

We predict that this will be the most interesting sale of real estate that has ever occurred in this city, and no doubt there will be a chance to pick up many a good bargain.

Lakeside is an ideal residence district and has a high class of residences, and yet property can be bought at this sale at your own price.

RENEW OLD FEUD; ONE DEAD.

Harrison, Ark., Sept. 8.—Renewing an old feud after they had shaken hands and agreed to be friends, Joseph Villines and L. W. Walker, both about 62 years of age, Tuesday, opened hostilities at a public speaking at Baxley, Newton county, with the result that Walker is dead, the sheriff of the county, who tried to part them, was seriously cut and three sons of Villines received knife wounds.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

De Forest, Wis.—"After an operation four years ago I had pains downward in both sides, backache, and a weakness. The doctor wanted me to have another operation. I took Lydia E. Pinkham's Vegetable Compound and I am entirely cured of my troubles."—MRS. AUGUSTE VESPERMANN, De Forest, Wisconsin.

Another Operation Avoided.

New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYROUX, 1111 Kerlerec St., New Orleans, La.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

If you want special advice about your case write to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

THE NEWS OF FORT WAYNE'S NEIGHBORS

WABASH CELEBRATES DIAMOND BIRTHDAY

Anniversary Fittingly Observed Under Auspices of Old Settlers' Association.

Wabash, Ind., Sept. 8.—Yesterday Wabash celebrated its diamond anniversary under the auspices of the Old Settlers' Association of Wabash County, which met in its forty-ninth annual reunion. The ceremonies were held in the city park and it is estimated that during the day 5,000 persons attended. The history of the seventy-five years was told by prominent pioneer residents of Wabash. No speakers except residents or former residents were present.

Warren G. Sayre, one of the city's earliest mayors, and Thad Butler, fifty years ago an editor in Wabash, now editor of the Huntington Times, were the principal historical speakers. Other speeches were made by the Rev. E. F. Daugherty, pastor of the Christian church; Miss Adelaide S. Baylor, superintendent of the city schools; Capt. David Marks, city councilman, and others. Mrs. George Barcus conducted an old-fashioned singing geography lesson and an old-fashioned spelling bee. The old officers, Carl W. Weesner, president; Charles S. Rose, secretary, and S. J. Payne, treasurer, were re-elected.

Interesting Facts.

There were numerous relics of the early history of Wabash, which were displayed in the log cabin which was last year dedicated. Wabash was the first city in Indiana to be lighted by electricity, and has many other distinctions which were commented upon yesterday. The following facts were reported at this reunion:

The oldest man in Wabash county is Anderson Martin, 97, Lagro township; the oldest woman is Mrs. Sarah Derickson, 97, colored, this city; the oldest minister in Wabash is the Rev. Freeman Taylor, 95, an active minister in the same pulpit he has filled for more than half a century; the oldest practicing physician is Dr. Laughlin O'Neal, 80, Somerset; the oldest lawyer in the county is Capt. B. F. Williams, 80, former county auditor; the oldest continuous resident of the county is Isaac Keller, Rich Valley, 89, locating here in 1828, when but two other white persons lived here; the oldest native-born resident, Flavius J. Hale, 75, the first white child born in Liberty township; couple longest married, Peter Wright, 90, and Catherine Wright, 84, wedded sixty-six years; longest resident on same farm, Mrs. Harriet Furguson, for sixty-one years on the same farm in Liberty township.

JUDGE E. A. BRATTON.

Steuben County Jurist Is Improving at Sanitarium.

Auburn, Ind., Sept. 8.—Judge Best, who is presiding at court here, yesterday received a second letter from Judge E. A. Bratton, of Angola, who is taking treatment at Rochester, Minnesota, under Drs. Mayo, in which Mr. Bratton relates of his encouragement since going to that place.

Judge Bratton states that he has submitted to an operation already for the removal of a growth which was supposed to have been cancerous. The growth proved not to be cancerous or tubercular, and this is much in favor of the patient. Dr. Mayo, before further operating upon Judge Bratton, will give specific treatment, he stating that he believes that he can cure him in that manner.

TAX LEVY IS REDUCED.

Whitley County Will Get Along With Four Cents Less.

Columbia City, Ind., Sept. 8.—The county council after a two days' session yesterday filed their report with the auditor. Five thousand dollars had been asked for repairs to the interior of the court house, but the council could not see it that way and by a unanimous vote cut the amount to $500. The total appropriations made amount to $52,510.26 and the county tax levy was reduced two and one-half cents, from 28.65 to 26.15 on the $100 valuation. The state levy has been reduced one and one-half cents, thus making the total reduction in the tax levy of four cents on the hundred dollars.

BAND DIRECTOR WEDS.

Marriage of Well Known Young People of Adams County.

Decatur, Ind., Sept. 8.—A surprise wedding was the marriage of Miss Gladys and Mr. Fred Engle, which occurred Tuesday evening at the Presbyterian parsonage by Rev. Richard Spetnagel. The groom, a son of Mr. and Mrs. Asa Engle, of this city, is director of the city band. The bride is a daughter of Mr. and Mrs. L. A. Springer, of St. Mary's township. The young couple will make their home in this city, the groom being an employe of the Decatur laundry.

INFIRMARY PHYSICIAN.

Decatur, Ind., Sept. 8.—At the meeting of the county commissioners Dr. D. D. Clark was again selected as physician at the county infirmary, the contract price being $150. Dr. Clark, besides being one of the best physicians in the county, is quite a favorite among the inmates at the infirmary and they will rejoice at his return to the place so efficiently filled.

SCHOOL TAX LEVY.

Decatur, Ind., Sept. 8.—The city school board, including F. V. Mills, A. H. Sellemeyer and O. L. Vance, met Monday evening in the Mills office and made the annual school tax levy for the city for the coming year, which is ninety-three cents on the hundred dollars, this being two cents lower than the levy of ninety-five cents for last year.

DOWN GO THE TAXES IN WELLS COUNTY

Levy for 1911 is Eight and One Half Cents Lower—Township Rates Less.

Bluffton, Ind., Sept. 8.—The county council adjourned yesterday after a two days' session in which they made the complete list of appropriations for county expenses for the year 1911.

The council made a reduction over this year's appropriations of sufficient amount to permit the lowering of the county tax levy 8½ cents on the hundred dollars. The county tax levy, that is, the special levy for the payment of county expenses alone, was 36.65 cents on the $100 this year, while the rate adopted yesterday for 1911 was 28.15 cents on the $100.

This reduction came about in great measure from the fact that County Auditor O. D. Garrett was able to report to the board that there is an unused balance in the county treasury of $57,000 collected and unused this year from the county fund.

The total tax rates for the various townships cannot yet be given, but in most of them the rate is lower.

DECATUR TAX LEVY

Fixed by the City Council at $2.03 for 1911.

Decatur, Ind., Sept. 8.—At a regular session of the city council Tuesday evening, which lasted from 7 o'clock until nearly 11, the "city dads" tore off a bunch of important duties and disposed of several knotty problems, including the order for bids for the construction of an improved street from Thirteenth to Grant street, nearly two miles, the adoption of an appropriation ordinance for $53,850, and the fixing of a tax levy for the city for the year 1911 at $2.03. The poll tax was fixed the same as heretofore at fifty cents, and a tax of one dollar on each male dog and three dollars on each female dog was fixed.

CANOEING RECORDS

Broken This Week by Trip of 114 Miles.

Elkhart, Ind., Sept. 8.—Canoeing records on the St. Joseph river were shattered Sunday and Monday when a party of fifteen young men, members of the Atherton club, made the trip from Elkhart to St. Joseph, Mich., in seventeen hours, exclusive of delays occasioned by the early Sunday morning rain storm and the portage necessitated at the South Bend and Buchanan dams.

It is claimed that the distance by river is 114 miles. The previous record was held by Dr. Schuler and Dr. Seidel, who made the trip in twenty-one hours.

REFUSED GOOD POSITION.

Bluffton, Ind., Sept. 8.—Herbert Jones, who is the principal of the Craigville schools for the coming winter, received a message yesterday, in which he was offered the superintendency of the Marysville schools, at Marysville, Mont., at a salary of $1,100 a year. He was much surprised at receiving this message, as he had not been an applicant for the place. However, he immediately replied that he would not accept.

WATERLOO SCHOOLS.

Waterloo, Ind., Sept. 8.—The Waterloo schools will open next Monday, Sept. 12. The school house has been remodeled in many respects this year and the building is in better shape now than it has been for years. New seats have been added and new floors laid.

MARRIAGE SECRET KEPT THREE WEEKS

Whitley Young People Married in Michigan—Will Reside in Fort Wayne.

Columbia City, Ind., Sept. 8.—The news concerning the marriage of Miss Alice Hathaway to Harvey Bordner, both prominent young people of Richland township, has just leak out and the young couple, who have been man and wife since the 20th day of last August, are receiving congratulations from their many friends.

The marriage took place at St. Joseph, Mich., and the young people kept the same from their many friends until Tuesday when some member of the Hathaway family revealed the secret.

The young people left Thursday for Fort Wayne, where they expect to make their future home, Mr. Bordner being engaged in the carpenter business there. Miss Hathaway, the bride, is a sister of Mrs. A. A. Kist, and is well known in this city.

AVILLA PUBLIC SCHOOLS

Well Equipped This Year With Teaching Force.

Avilla, Ind., Sept. 8.—The Avilla public schools will open next Monday morning, Sept. 12, for an eight month term and all indications point to a successful year's work.

Prof. E. H. Porter will be at the head of the school. He is well qualified and the school board is fortunate in having engaged him. Miss Bertha Baker, who has taught here for two years past, will be his assistant in the high school.

The 6th, 7th and 8th grades will be presided over by Miss Jennie Sedgwick and Miss Bess Stewart will have charge of the 3rd, 4th and 5th grades, with Miss Libbie Stewart again in charge of the primary work.

Miss Junia Wolfe, of Kendallville, will teach the music and drawing, dividing her time between Wolcottville, LaOtto and this place.

WHITLEY GRAND JURY.

Columbia City, Ind., Sept. 8.—Prosecutor Carver, of Kendallville, has decided to issue a call for the grand jury to convene next Wednesday, September 14. The most important case that the grand jury will probably have to sift is the criminal assault charged against Jack Belger, by William B. Johnson, father of Ruth Johnson.

TAKEN TO HOSPITAL.

Auburn, Ind., Sept. 8.—Mrs. A. Thorn, who lives six miles south of town, was taken to Fort Wayne, where she will undergo an operation. Mrs. Thorn was stricken with apoplexy, which has since made her an invalid. She is at present in a very critical condition, with very little hope for her recovery. She is the mother of Mrs. W. R. Davis, of this city.

CASES DISMISSED.

Warsaw, Ind., Sept. 8.—Three more state criminal cases were dismissed in the Kosciusko circuit court Wednesday morning on motion of Prosecuting Attorney Herschel V. Lehman. They are: Charles Webster, charged with violating the fish and game laws; Frank Traster, who it is alleged sold liquor contrary to law, and Floyd Mock, charged wth larceny.

HALF A CENT LOWER.

Warsaw, Ind., Sept. 8.—The county tax levy for 1910, to be collected in 1911, will remain at practically the same as this year, the only change made being that in the fraction of a cent, which was caused by the change in the state levy. The levy for 1909 was 26.65 cents and the levy for 1910 will be 26.15 cents, a reduction of just half a cent.

DEATH OF PIONEER.

Ligonier, Ind., Sept. 8.—Samuel Sessler, a pioneer resident of Ligonier, died Tuesday morning aged 89 years. Death was due to the infirmities of old age. The deceased was well known over the county and had resided at Ligonier since 1854. He is survived by a wife and four children, three sons and a daughter.

VISITED HOSPITAL PATIENTS.

Kendallville, Ind., Sept. 8.—Mrs. Chas. Crawford and sister, Mrs. VanGorder, of Avilla, were at Fort Wayne Tuesday to see Mr. and Mrs. M. E. Sherman, who are at the hospital with their son, Wallace. The boy remains about the same. They also visited Mr. VanGorder at the Garrett hospital, who is improving nicely and expects to go to his home Saturday.

AT THE AGE OF 82.

Kendallville, Ind., Sept. 8.—John Frahm, aged 82 years, died at his home near here of old age. Mr. Frahm was one of the pioneers of Noble county and has been a prominent figure in its development. The funeral was held from the home today and burial was in Lake View.

Cures Guaranteed

DR. HARDMAN, Specialist.

CURES Pelvic, Nervous and Chronic Diseases and Guarantees Satisfactory Results in All Cases He Accepts for Treatment.

Consultation and All Communications Strictly Confidential. Office Hours, 9-12, 1-5. Evenings, 7-8. Sunday, 9-1 Only. Write or Call on

REDUCED FEES UNTIL SEPTEMBER 15TH

For the purpose of proving the advantages of my methods in the treatment and cure of PELVIC, NERVOUS and CHRONIC diseases I will not only give to everyone who is anxious to obtain a cure and who will call at my office before September 15 a careful and thorough examination FREE OF CHARGE, but to further demonstrate to the public the rapidity and thoroughness of the CURES I make, I will treat any case I accept for a CURE between now and SEPTEMBER 15th AT A GREATLY REDUCED FEE.

No physician can expect to CURE these CHRONIC and DEEP-SEATED diseases until he has made a thorough examination and definitely located the cause of the trouble.

The human body is much too complicated for one man to thoroughly understand every part of it.

There are too many diseases that mankind is subject to for any one physician to fully understand and treat. Hence, it becomes necessary in order to accomplish the best results to take up and make a special study of a certain region or a group of diseases that by their nature are allied to one another.

There are many who are satisfied by a hasty inquiry or a superficial examination and are blindly led into giving palliative remedies, which, though temporarily relieving the symptoms, ultimately discourage the sufferer because of a reoccurrence of the disease. I do not treat symptoms—I CURE the disease and the symptoms disappear.

Fourteen years of experience in the treatment of PELVIC, NERVOUS and CHRONIC DISEASES have enabled me to perfect methods that will POSITIVELY CURE where the ordinary methods have failed.

Did you ever stop to consider what it costs you not to enjoy good health?

EVERY MAN who does less than he should do at his desk in the shop or on the farm is suffering either directly or indirectly from some disease or affliction that is silently wrecking his nervous system, breaking down his vitality and ruining his chances of successfully competing with his fellow men.

Think it over and consider if you can afford as a matter of business, to neglect yourself and risk FAILURE because you are handicapped by diseases.

Many a man has been forced to abandon a successful career because of some PELVIC or CHRONIC disease which had insidiously wrecked his nervous system and unfitted him for performing the duties which he otherwise would have been able to perform.

I have made a special study of PELVIC, CHRONIC and NERVOUS diseases and have perfected methods that will ABSOLUTELY cure where the ordinary methods have failed.

It makes no difference how long you have been afflicted, if I accept your case I will POSITIVELY CURE YOU.

In this day of active competition to attain that measure of SUCCESS for which we were intended it is absolutely necessary that all the faculties should be unimpaired.

Nearly all NERVOUS DISEASES, including NERVOUS BREAKDOWN, are the direct result of a disease of one or more of the Pelvic Organs.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without the knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases.

PROSTATIC ENLARGEMENT—Results from inflammation. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

ECZEMA and other skin diseases quickly and permanently cured.

FREE EXAMINATION—I charge you nothing for this examination, and if I accept your case for treatment the door of HEALTH is open to you, no matter what your past experience may have been.

It may be remarked, simply by way of indulging ourselves the extreme novelty of saying it, that we don't need rain.

This latest Abruzzi-Elkins gossip has a circumstantiality that taken in connection with Pa Elkins' vehement denials leads us to suspect that father is not the real head of the family.

Vermont's republican majority sloughed off about 15,000 Tuesday. The standpat explanation of that is that the people are so well satisfied they take no interest in politics.

The new nationalism, according to Hon. Yim Hill, is one of dem somedings what don't ban goot for dis yar country. Otherwise, conservation deserves all the nice things to be said of it and as a states rights proposition is everything it ought to be.

Maybe the vote of the Ballinger committee was a snap-judgment and a rather piece of rough work as a political move, but there seems to be singular unanimity of public opinion in upholding it. And still, Mr. Ballinger says he will not resign. The president no doubt remembers how he got Gifford Pinchot's resignation.

It is a dawning certainty that Calhoun street is going to stretch out in its new clothes before the snow flies; it may be ahead of the fall elections, and, wild flight of fancy—but who knows?—mayhap even by the time our myriads of guests arrive for the marvels and delectations of the great Fort Wayne fair. It's been a long time coming—down either side of the street—but it has almost arrived. Wish as much could be said for track elevation and the Calhoun street subway. But that's another and a longer story.

Senator Elkins' denial that Kit is to wed the Abruzzi is again taken from the "ad" bank. It's kept standing in every daily newspaper office from shore to shore and is used oftener than any other piece of print metal except that announcing "President Taft returned to Washington this morning," etc. Katie and the duke have ceased to be real live news, although they continue to be played up for that more or less. Romance of love's young dream may be strung out to altogether too much tenuosity. Suggest that the pair either get married or that her folks or his folks break it up.

Gifford Pinchot was given such an ovation at mention of his name in the St. Paul conservation congress as made the cheering for Roosevelt and Taft on days previous seem tame. Unmistakably the sympathies of the country are with the deposed forester. His great and unselfish service, his valiant fight against predatory interests, the conspiracy to undo not only his achievements but himself and the increased knowledge the country has had of the Roosevelt policy of conservation, what it means and Pinchot's part in it, have combined to make the ex-forester a very popular hero. That does not, however, mean that he is the recipient of cheap adulation and shallow esteem. He is held in great respect and there is sincerity in the people's acclaim. There is but one private citizen in the land who overtops him in eminence or influence or popular hold on the sentiments of the people.

That session of the United States senate that is coming before a great while in which Nelson Wilmarth Aldrich, Eugene Hale, Julius Caesar Burrows, perhaps Henry Cabot Lodge and it may be one or two other very fine and smooth reactionary gentlemen will not sit is going to be a sad and sorrowful assemblage. Not to see in their wonted places reacting and standing pat and protecting the poor workingmen's wages and the hard pushed steel and rubber and hosiery manufacturer's precarious profits and in general running the government as it has been run for the past thirty years will be a spectacle fit to rend the heart. It is going to be a hard and harder struggle to get along without these eminent worthies. And perhaps in the national house of representatives we shall no more see the unclejoe in his accustomed high place, and some of his faithful cohorts may,—oh! wrenching thought—be missing altogether. Alas! and eke alack! Insurgency is going to have a lot to account for.

HITS AT PRICE BOOSTERS.

Would Issue a Fraud Order to Curb the Cost of Living.

Pittsburg, Pa., Sept. 8.—A radical stand was taken yesterday by United States District Attorney John H. Jordan in addressing the Association of Supervising Postal Employes, when he asserted that issuance of a fraud order by the government against the jugglers of prices of foodstuffs would solve the matter of checking the high cost of living. He said:

"When we consider the juggling of prices of food products by capitalists who sit in Chicago or Elgin, Ill., and by the use of the mails disseminate information which causes the price of meats and butter to raise and keep on rising above the reasonable selling value of the products, I tell you it is high time that the government issued a fraud order.

"Something must be done to place a restraint upon the unjust increase of the cost of living and the time has come, in my opinion, for Uncle Sam to step in and refuse to be a party to the scheme by which the means of existence are placed at an exorbitant price."

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley's Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now I am again in perfect health." Dreier Bros.

SOUTH BEND SHOW STRANDS.

Warsaw Opera House Management Alleges Piece Was Burlesque.

Warsaw, Ind., Sept. 8.—"The Dolly Dimples" show company launched at South Bend became stranded here when the management of the local opera house refused to allow the entertainment, on the ground that it bordered on the buslesque. One of the young women of the company was left with but 20 cents. Warsaw people took up a collection and sent five of the girls back to the St. Joseph county seat.

FOUND DEAD IN CAR SEAT.

Cleveland, O., Sept. 8.—The corpse of a woman sat upright in a seat of a parlor car on the Lake Shore road yesterday and rode many miles before being noticed. From her baggage she is supposed to have been Hattie C. Morgan, traveling from some place in Kansas to Willoughby, O. The body was taken to the morgue at Sandusky, O., until relatives could be located.

EXPECT ANGOLA MAN TO SURVIVE HIS INJURIES

Ezra Day Steps in Front of Moving Train—George Jordan Hurt.

Ezra Day, of Angola, who stepped in front of a train at the Lake Shore station in Fort Wayne Wednesday night and was knocked to the platform at the Cass street crossing, is expected to survive his injuries. It was stated at St. Joseph's hospital today that the patient was doing as well as could be expected.

Day was at the station awaiting a train to return to Angola when the accident occurred. He sustained numerous bruises and cuts upon his face, arms and left leg, and it was at first thought there was a possibility of a fracture of the skull. He was hurried to the hospital, where Dr. Frank Dinnen attended him.

Struck by a Street Car.

George Jordan, a driver for the Barnett transfer line, residing on Gay street, was struck by a car on Calhoun street Wednesday evening when in attempting to avoid a pile of sand for use in the street improvement work he drove his baggage wagon directly in front of the car. Jordan sustained a deep scalp wound and a sprained shoulder and was unconscious for a time. He was hurried to St. Joseph's hospital, where it was stated today that he is improving rapidly.

A Reliable Medicine—NOT A NARCOTIC.

Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." GETS TWO LICENSES TO WED.

Man in Doubt Over Oklahoma Capital Dispute Makes Sure.

Guthrie, Okla., Sept. 8.—Having been thoroughly impressed with the discussion of the legality of Oklahoma's two capitals, James B. Cassaway, of Oklahoma City, made it certain that his marriage here last night to Mrs. Nannine M. Hagerman should be undoubtedly legal by getting two licenses to wed, one in Oklahoma City and another at Guthrie. The ceremony was performed here by Rev. T. L. Nobiltt, of the First Christian church.

PRICELESS GIFT FOR HARVARD.

Alexander Pope Collection Understood to Come from Morgan.

Cambridge, Mass., Sept. 8.—Harvard university library has come into possession of the magnificent Lefferts collection of the works of Alexander Pope, which consists of upward of 500 volumes of books and pamphlets. The gift is an important one, as the collection is the most extensive brought together by any student, and includes some volumes not in the British Museum library. While the name of the donor is withheld, it is understood that it is J. Pierpont Morgan.

WILL BECOME AN AMERICAN.

Grand Niece of Spanish Ambassador to Vatican Takes Steps.

San Francisco, Sept. 8.—Grand niece of Marquis D'Ojeda, Spanish ambassador to the vatican, yesterday filed an application for admission to citizenship of the United States. She is Senorita Maria Fh D'Ojeda, a resident of San Francisco.

The senorita reached her majority only two days ago. When she reaches the age of 21 she will inherit rich plantations, which her father owned in Guatemala and Salvador. By becoming an American citizen she will make Uncle Sam the guardian of her interests in these states.

WILL MARRY IN JERUSALEM.

Goshen Woman Begins Long Journey to End in December Wedding.

Goshen, Ind., Sept. 8.—Mrs. Olive Ringler has gone from her home in Nappanee, this county, to Quebec, where she will sail for London, and then proceed to Jerusalem, where, next December, she will marry the Rev. W. R. Miller, of Chicago. The romance covers a period of several years. After a stay in the Holy Land the Rev. and Mrs. Miller will return and reside in Chicago.

HAVE A GRISLY EXHIBIT.

Label Milk Bottle Nipples as "Retired Baby Killers."

Milwaukee, Wis., Sept. 8.—An exhibit of milk bottle nipples marked "retired baby killers," was a feature of yesterday's session of the American Public Health association. The string contained nearly 100 nipples, each of which is said to have caused the death of an infant. The exhibit contained other paraphernalia used by the health departments of cities.

Under the head of "The prevention of mental defects and mental diseases," the following papers were read: White, Washington, D. C.; "Imbecil-"Preventive Principles in the Field of Mental Medicine," Dr. William A. ity," Prof. E. R. Johnstone, Vineland, N. J.; "Preventable Neurosis," Dr. C. H. Hughes, St. Louis.

Papers dealing with the interrelation of national organizations working in the interest of public health were read by Dr. C. H. Jones, Baltimore, Md., secretary of the preventive medicine and public health section of the American Medical association; Dr. Frank Livingston Farrand, New York, secretary of the national association for the study and prevention of tuberculosis, and Samuel E. Elliott, New York, of the Russell Sage foundation.

HOT-WEATHER LIVER TROUBLE

Many people who generally enjoy good health suffer from biliousness in the summer time. Rich foods served ice-cold are difficult to digest by the majority, and often produce a chilling of the entire digestive tract. The liver thus becomes sluggish, when the condition known as biliousness results. This is often accompanied by constipation or indigestion. Serious as it may seem, however, to the unfortunate person, it is easily curable with a remedy such as the well-known Dr. Caldwell's Syrup Pepsin, which is a great laxative and tonic, and which contains ingredients that act upon the liver and stimulate it. It will relieve a hot-weather liver complaint over night and cure it lastingly in a very short time. If you have any indisposition of the stomach, liver or bowels, your first concern should be a supply of this grand remedy, which you can obtain of any druggist for 50 cents or $1.00 a bottle. There will be enough and to spare for your complaint and that of your family. A FREE TRIAL BOTTLE will be sent to those who have never used it if they send their name and address to

THE SHOP AND RAIL NEWS

DENNIS HAYES HAS RESIGNED

Retires as Wabash Yardmaster to Be a Conductor.

PENNSY BOYS TO BE ENTERTAINED

Hon. W. S. Wells Gives Them a Blow-Out at the Wayne.

Dennis Hayes has asked to be released from the somewhat arduous duties of Wabash yardmaster in this city and as soon as his successor is appointed he will assume charge of a switch engine and switch crew in the local yards. Mr. Hayes has filled his present position for about ten years and his resignation is regretted by railway officials and shippers generally. His successor has not yet been selected and Trainmaster C. E. Wells, who was here this morning, said that he did not know who would be appointed. The Sentinel yesterday mentioned the resignation of Night Yardmaster Romy, who will also remain in the service in a different capacity. This morning Switchmen C. O. Taylor and S. T. Neubauer resigned, having secured employment elsewhere.

TO BE WELLS' GUESTS.

Pennsy Athletic Board to Have Banquet.

The members of the executive board of the Pennsylvania Employes' Athletic association will be the guests of the Hon. William S. Wells at a banquet at the Wayne hotel this evening. The notice to the members states that the "guests will be seated at 7:30 o'clock sharp and it is desired that each member be present to partake of the festivities of the evening. There will be things to eat and things to smoke and a good time in general." Several years ago Mr. Wells inaugurated the annual banquet feature following the annual field day as a compliment to the men who are back of the association. He was once employed in the Pennsylvania shops and was active in the organization of the Athletic association, in which he still takes a great interest. There will be about twenty-five guests at the banquet table tonight.

BECOMES SCHOOL TEACHER.

Fred Eggers Quits the Wabash for That Purpose.

Fred Eggers, night baggagemaster at the Wabash depot, resigned yesterday and is now en route to Missouri, where he will teach school the coming fall and winter, a business he followed several years ago. Herman Juergens, who was assistant baggagemaster, working in the day time, has taken the night trick and Baggagemaster Louis Lussenhop is now looking for an assistant.

THUMB BADLY CUT.

H. E. Hutchens, employed in the Pennsylvania copper shop, had his right thumb painfully cut this morning. He was handling sheetiron, when the thumb was cut on the sharp edge of one of the pieces.

WILL HAVE BOWLING TEAM.

At the close of the ball season bowling will be taken up by the young men at S. F. Bowser & Company's oil plant. It is proposed to have eight five-men bowling teams and to play a series of games for a pennant.

WILL RESUME THEIR STUDIES.

Walter J. Fishering and Elmer C. Gross have resigned as signal repairmen of the Pennsylvania to resume their studies. Mr. Fishering will attend Earlham college and Mr. Gross will attend the Fort Wayne high school.

POISONED BY IVY.

Lauren D. Nordstrum, of the engineering department of the Fort Wayne Electric works, had both hands poisoned by ivy a few days ago and the members have been very sore since, though they are recovering. He came in contact with the poison vines at the lakes.

WILL RETURN TO PITTSBURG.

One week from next Saturday G. F. Amend will sever his connection with the motive power department of the Pennsylvania to return to Pittsburg, where he has secured other employment. For some time Mr. Amend has been engaged at special work in the mechanical department at the shops.

ATTENDED CRAWFORD FUNERAL

In honor to the memory of Martin Crawford, many years employed in the Pennsylvania blacksmith shop, that department was closed this morning and the men turned out at the funeral of the deceased. The shop resumed operations at 1 o'clock.

VISITED OLD FRIENDS.

General Foreman Haberkorn, of the G. R. & I. shops in Grand Rapids, was in the city yesterday and spent two or three hours in the Pennsylvania shops. He learned his trade in these shops and worked awhile as a journeyman machinist before going to Grand Rapids to work.

HAVING A GOOD TIME.

Mr. and Mrs. H. L. Shaffer, of Horace street, write from Salt Lake City, under date of September 1, that they are en route home and are having a most pleasant time. They visited the Pacific coast country, leaving Seattle August 28 and are now in Colorado. Mr. Shaffer is a Pennsylvania trainman.

NEW SUBJECT NEXT YEAR.

The Pennsylvania wheat improvement special train over the company's lines in Indiana, completed the tour Tuesday and the corps of instructors and lecturers who accompanied it have gone to their respective homes. According to Prof. G. I. Christie, who had charge of the train, the subjects for lecture next year will be stock and poultry. While the men listen to discourses on live stock, the women will be told all about poultry.

OBSERVATION CAR REPAIRED.

The finishing touches were given to Pennsylvania observation car No. 9405 this morning and it is now en route to the Chicago Terminal division, where it has been assigned. This car consists of an engine with an enclosure over the boiler that will accommodate a dozen people. It is designed especially for inspection trips over the road. The car and its motive power apparatus were given a general overhauling in the Fort Wayne shops.

ENGINE DISABLED.

The engine pulling Wabash train No. 3 blew out a cylinder head at Mardenis last night and was stalled. The telegraph operator was at lunch and the train crew were slow in getting a report of the accident to the dispatchers and there was considerable anxiety as to the cause of the delay. Another engine was dispatched to the scene, but the train was four hours behind time when it reached Huntington.

SPECIAL FOR ENGINEERS.

The annual convention of the national body of Stationary Engineers will be held next week in Rochester, N. Y., and it promises to be the largest attended of any yet held. The delegates from the west and northwest will meet in Chicago and go thence to Rochester on a special train, taking on delegates at various places. The train will pass through this city at 12 o'clock Sunday night, carrying 175 people out of Chicago, and will take on two or three passengers here. It will have a diningcar that will make the entire run and be in charge of Conductor Higgins.

PINNIGER GETS HELP.

Harry Pinniger, agent of the Lake Shore and Lake Erie and Western, who attended to the ticket sales for every train that left the north depot the past week, looked after the clerical work and gave attention in the meantime to his councilmanic duties, has finally got assistance. Yesterday A. H. Breed, of Toledo, traveling passenger agent of the Lake Shore and Michigan Southern, arrived in the city and will assist Mr. Pinniger until a competent ticket salesman has been secured. Mr. Breed served several years in a ticket office and is familiar with the duties.

SENT FORGING TO TURKEY.

Pedras Danas, who is fitting up a store at the corner of Johns and Wallace streets, this morning shipped two pieces of forging and some bolts intended as a part of a weaving machine to Yana Zisipapa, Fioriana, Turkey. The forgings were made in the Bass smith shop and machined by Danas in the foundry and they and the bolts weigh 107 pounds. Danas was employed many years in the machine department of the Bass foundry and by the most rigid economy and industry, saved money enough to establish himself in business on Wallace street. His friend in Turkey is a weaver. They were playmates when children and have maintained a strong friendship since.

SHOP AND RAIL NOTES.

H. G. Scheefel, of the Pennsylvania erecting shop, is off duty on account of sickness.

J. E. Mason, a pipefitter, has quit the Pennsylvania shops and taken employment as fireman on the Pennsylvania road.

Hughitt Pequinot, of the armature department of the Fort Wayne Electric works, has gone to Centralia, Ill., on business for the company.

T. H. Grunden, formerly of Gary, took a position in the flue department of the Pennsylvania shops this morning.

Traffic Manager J. O. Goff, of the Bowser company, has returned from Michigan, where he spent his vacation.

James Teachout, a wood turner, has taken employment with Foreman Harry Evans in the carpenter department at the Electric works. He succeeds Cliff Moran, resigned a few days ago.

E. J. Little has concluded a two weeks' vacation trip in the east. He is connected with the Bowser company and while east visited most of the Bowser offices and plants.

Assistant Foreman R. W. Evans, of the Pennsylvania blacksmith shop, accompanied by his family, left last night on a vacation trip in the east which will consume two weeks.

Machinist Clark Scheid, of the Pennsylvania erecting shop, got a lot of metal dust in his eyes this morning and had to quit work and seek assistance from the oculist.

The Cleveland council is making an effort to compel railways to use hard coal exclusively on their locomotives in that city. The object, of course, is to abolish the smoke nuisance.

Joseph H. Kinkade, foreman of the fluewelders at the Pennsylvania shop and his wife have returned from St Louis, where they went two weeks ago. Mr. Kinkade will resume work at the shops tomorrow.

Thomas Kelley, who spends his summer vacations in the shops, was around bidding the Pennsylvania boys good-by this morning. He starts to school Monday.

N. H. Foster, traveling salesman for the Wayne Knitting mills, leaves tomorrow morning for the west and northwest in the interest of the company. The trip will extend over a period of three months.

Assistant Motive Power Engineer O. P. Reese, of the Pennsylvania, has leased the house at 815 Fulton street and as soon as some improvements now in progress are completed, will move his family therein.

Engineer Joseph Studer, of the Nickel Plate, is today celebrating two important epochs of his life—the anniversary of his birth and the advent of his first grandchild. The parents of the little one are Dr. and Mrs. George J. Studer.

Superintendent J. C. Sullivan, of the Wabash, has gone to Columbus, O., to attend the meeting of the Ohio Car Service association. The meeting is the first the association has held for several months and is for the purpose of discussing matters pertaining to car demurrage, etc.

G. B. Lindsey, of the Wabash, who was recently appointed general baggagemaster, to succeed S. H. Overholt, has been given the title of general agent of the mail and express service, in addition to his duties as general baggagemaster. He will retain his headquarters at St. Louis.

Passenger Conductor John Curran, of the Wabash, running on trains Nos. 1 and 28 between Detroit and Danville, resumed his duties yesterday morning, coming out on the Continental Limited, after having a sixty days' vacation, during which period he made an extended trip through the northeast.

Railway shop work in all parts of the country appears to be getting heavier and some of the shops are working longer hours than was the rule for the past three or four months. The Illinois Central has instructed its master mechanics to increase the working time at all shops to ten hours per day. They had been working nine hours.

John W. Reynolds, clerk for Foreman B. F. Sarver, at the Pennsylvania boiler shop, will take a vacation next week, spending the time with friends and relatives at Green Springs, O., his former home. During Mr. Reynolds' absence, Charles Fuelling will have charge of the clerical work.

Tomorrow night G. W. Sellers, assistant ticket receiver for the Pennsylvania, will leave on a two weeks' vacation trip. He will first go to New York city and later visit Baltimore and Washington. During Mr. Sellers' absence G. C. Becker, of Pittsburg, will act as assistant ticket receiver at this point for the Pennsylvania.

Thomas Laughlin, a baggageman on the Erie road, running in and out of Jersey City, will arrive in the city this evening and will remain here a week or two the guest of Engineer and Mrs. W. L. Scott, of 319 East Butler street.

O. C. Miller, a Pennsylvania patternmaker, is off duty on account of sickness. W. A. Reynolds, of the lumber yards, is also sick.

REINFORCEMENTS REACH THE FIELD

[Continued from Page One.]

and natural advantages belong to all the people, and should be developed, protected, and perpetuated directly for the benefit of all the people, and not mainly for the profit of a few.

"Another is that the natural resources still owned by the people which are necessaries of life, like coal and water power, should remain in public ownership and should be disposed of only under lease for limited periods, and with fair compensation to the public for the rights granted.

The Waters and Forests.

"As to our waters:

"1. Every stream should be made useful for every purpose in which it can be made to serve the public. The preparation of a broad plan is needed without delay for the development of our waterways for navigation, domestic supply, irrigation, drainage and power.

"2. Every power site now in state or federal control should be held so, and should be disposed of only under lease for a limited time and with fair compensation to the public.

"3. In the development of our waterways the co-operation of the states with the nation is essential for the general welfare.

"As to our forests:

"1. All forests necessary for the public welfare should be in the public ownership, such as the national forests already in existence, the proposed Appalachian and White Mountain national forests and the state forests of New York, Pennsylvania, Wisconsin and other states.

"2. The protection of forests against fires is the first duty in forestry of states and nation alike. The way to stop fires is to get men to them as soon as they begin. The maintenance and extension of forest fire patrol by the nation, the state and their sub-divisions and by associations of private citizens, who own timber lands, is absolutely necessary.

"3. The protection of existing forests by wise use is the first step in forestry. Reforestration is the second.

"4. Land bearing forests should be taxed annually on the land value alone and the timber crop should be taxed when it is cut, so that private forestry may be encouraged.

"5. The private ownership of forest land is a public trust and the people have both the right and the duty to regulate the use of such lands in the general interest.

The Public Lands.

"As to lands:

"1. Every acre of land should be put to whatever use will make it most useful to all the people.

"2. The fundamental object of our land policy should be the making and maintenance of permanent prosperous homes. Land monopoly and excessive holdings must not be tolerated.

"3. Settlement must be encouraged by every legitimate means on all land that will support homes. Thus the tillable land in public ownership within and without the national forests should be disposed of in fee simple to actual homemakers, but not to speculators.

"4. The first and most needy thing to do for our cultivated lands is to preserve their fertility by preventing erosion.

"5. The non-irrigable arid public grazing lands should be administered by the government in the interest of the small stockmen and the homemaker until they can pass directly into the hands of actual settlers.

"6. Rights to the surface of the public land should be separated from rights to the forests upon it, and the minerals beneath it, and each should be held subject to separate disposal. The timber and stone act should be repealed.

Minerals and National Efficiency.

"As to our minerals:

"1. Those still remaining in government ownership should not be sold, but should be leased upon terms favorable for their development up to the full requirements of our people. Until legislation to this effect can be enacted, temporary withdrawals of land containing coal, oil, gas and phosphate rock, are required in order to prevent speculation and monopoly.

"2. It is the clear duty of the federal government, as well as that of the states in their sphere, to provide, through investigation, legislation and regulation against loss of life, and waste of mineral resources in mining.

"With regard to national efficiency:

"1. The maintenance of national and state conservation commissions is necessary to ascertain and make public the facts as to our natural resources. Such commissions supply the fundamental basis for co-operation between the nation and the states for the development and protection of the foundation of our prosperity.

"2. A national health service is needed to act in co-operation with similar agencies within the states for the purpose of lengthening life, decreasing suffering and promoting the vigor and efficiency of our people.

"In the effort to conserve our natural resources, we recognize that combinations against the public welfare nations against public welfare which extend beyond state lines, can be met effectively only by agencies equally capable of operating across such boundaries. It is clear that the control of interstate commercial power is possible only by the use of interstate federal power. We are opposed to the extension of state jurisdiction at the expense of real control by the people over monopoly as in the case of water power.

Useful Parts States Must Play.

"While I do not believe that the state alone can carry out the conservation program in the face of interstate attacks upon it, I do not fail to recognize the great and useful part which the states must play in this great movement for the permanent welfare of all our people. Also, I appreciate that in much of the work ahead co-operation between the states and the nation is an essential condition of success. But when I see the special interests attempting to take refuge behind the doctrine of state's rights, I propose to say so.

"It is not possible in a speech like this to give the details of propositions covering so wide a field as the conservation question to which I have referred. To carry out this program in the coming and future sessions of congress and of the state legislatures, the friends of conservation will devote themselves with ever increasing energy and ever increasing prospects of success, as conservation more and more generally wins not only the belief, which it has already, but the determined fighting support of our people."

May End a Day Early.

It is possible that the congress, which, by the program, should continue tomorrow, will close tonight. President Baker said that he would crowd the program as much as possible to this end and perhaps hold a night session. It has been a strenuous convention and delegates and visitors want a rest.

The presidency is expected to go to J. B. White, of Kansas City, the present chairman of the executive committee.

Gifford Pinchot, who is president of the National Conservation association, told his friends that he would not be a candidate.

Members of the resolutions committee met early to whip a mass of recommendations into a platform. Gilbert Pearson, of North Carolina, who is secretary of the National Association of Audubon Societies, introduced a plank for the protection of wild birds. "The wild birds," he declared, "constitute one of the most valuable natural assets in our country."

Insects Cost a Billion.

He stated that the losses to the agriculture and forestry interests of the United States annually amount to one billion dollars through the ravages of insects, and that this per cent is on the increase owing to the decreasing number of birds which constitute one of the chief natural enemies of injurious insects.

"The great stumbling block in our way of securing better laws for the protection of birds is the great influence wielded by certain merchants in the country who have large sums invested in the handling of game and in the sale of feathers for women's hats. We can never hope for the protection that the birds rightly deserve until these great corporate interests can be controlled by statutory enactment."

Forester Graves Speaks.

Henry S. Graves, who succeeded Gifford Pinchot as chief forester of the United States, addressed the congress, speaking in part as follows:

"The movement for the conservation of our natural resources has reached the second and the most critical period in its progress. The country has expressed in unmistakable terms its approval of the principles of conservation; there is now before the country the problem of the practical application of those principles. In forestry there is a very general agreement that our forests must be protected from fire, that waste must be reduced and that a future timber supply must in some way be provided. In applying these principles, differences of opinion arise, and it soon develops that with many persons the interest in forestry is confined to the abstract idea and does not extend to its practice.

"There are many opponents of the national forest policy and of the forest service, but I find in most sections of the country that those who are using the national forests and who are, therefore, most vitally interested in them, are co-operating heartily with the government in working out the details of their administration. It is through the kind of constructive co-operation which the forest service is receiving from lumbermen of the country that the practical management of the national forests can be made really effective."

FALLING OFF IN COTTON GINNED

Statisticians Declare That to Be Less Significant Than Appears.

Washington, Sept. 8.—The number of bales of cotton ginned to Sept. 1 from the growth of 1910 was 356,824 bales, round bales counted as half bales, according to the report of the census bureau made at 10 o'clock this morning. The 1909 total was 388,242 bales, the 1908, 402,229 bales, and the 1907, 200,278.

Statisticians of the census bureau do not consider the falling off in the figures of the first ginning report to be significant as they might appear. They attribute the decrease to the lateness of the crop rather than to any cause which in the end would affect the volume. They expect a material improvement in future reports.

BIRTHS EXCEED DEATHS.

Allen County Surely is Growing, for the Report Says So.

Allen county, not including Fort Wayne, increased in population during the month of August at the rate of 1,680 people per ten years. The report of County Health Officer Van Buskirk shows that there were but thirty-two deaths in the county during the month, while the births numbered forty-six, or fourteen more. In regard to disease, the report says that there were sixteen cases of scarlet fever and eight cases of diphtheria.

INDIANA MINER KILLED.

Terre Haute, Ind., Sept. 8.—Edward Sherer was instantly killed in the Summit mine at Linton last night by a fall of slate which broke his back. He had been married only five weeks.

BOARD RUSHING THE REPAIRS FOR A REASON

Guarantees Expire This Year and Hustling is Necessary.

Members of the board of public works are arranging to have a number of paved streets put in repair within the next few weeks for the reason that the guarantees given by the paving concerns expire with the present year and it is proposed to have all the work possible done before the bonds become void.

In the list are included Main, from Calhoun to Lafayette, Court street, Berry from Calhoun to Clinton, Wayne from College to Nelson, Webster from DeWald to Woodland avenue, Harrison from Butler to DeWald and a few others. Notice will be served at once on the contractors and the repairs ordered.

The board is also formulating a plan for the repair of the Lakeside dike retaining wall that washed out last spring. This has not been completed yet, but the board gives assurance that the work will be done before winter.

At the meeting this evening the board will hear remonstrances against the vacation of McCulloch street, from Hayden street to the Wabash tracks, which is sought for the erection of a factory building for the Wayne Auto Axle company.

Patrolman Hands in Resignation.

In submitting his resignation from the police force Patrolman Harry Grimme took occasion to say that he left with the best feeling for everybody in the department and quit only because he thinks he can better his condition.

A set of measures and weights of the United States standard have been ordered for the marketmaster, on complaint that short weights are being given on the city market.

The board of safety is preparing to advertise for bids for the auto patrol, for which an appropriation has already been made by the city council.

THE BIRTH RECORD.

Born, to Mr. and Mrs. Emmett Hatch, of Taylor street—a son.

NEW COURTHOUSE AT AUBURN WILL BE BUILT

DeKalb County Council Makes Appropriation of $250,000 for Purpose.

[Special to The Sentinel.]

Auburn, Ind., Sept. 8.—The building of the new $250,000 courthouse for DeKalb county in Auburn became an assured fact today by the passage to its third and final reading by the county council of a resolution making an appropriation of $250,000 for that purpose.

The council consists of seven members and there was only one member, Hamman, of Smithfield township, who voted against the making of the appropriation. It required five votes and the resolution on its final passage received six votes.

Steps will be immediately taken for the vacation and razing of the old courthouse building and the county commissioners have already begun to engage temporary quarters for the different county offices and the holding of court.

The architects who drew the plans for the new building are Mahurin & Mahurin, of Fort Wayne. Contracts will be let for the building as soon as the law allows and it will be pushed rapidly to completion.

ELKINS REFUSES A TITLE.

Italian King Offers to Ennoble Parents of Abruzzi's Bride-to-Be.

Rome, Sept. 8.—According to reports in court circles, Senator Elkins has refused to accept titles of nobility which King Victor Emmanuel is determined to confer on the parents of the duke of the Abruzzi's bride-to-be when the engagement is officially announced.

The senator, it is said, is obdurate because he wants to remain a plain American citizen. He is willing to make his daughter happy, but not at the sacrifice of his personal liberty.

According to court etiquette, the parents of a royal princess acquire a precedence of rank which they cannot refuse.

Senator Elkins would have to resign from the United States senate or secure the consent of congress in order to accept a foreign title.

Mrs. J. G. Thieme and children are home from an outing at Leland, Mich.

The Misses Luella Moellering and Helen Denny, who have been visiting for several days in Detroit, have returned home.

Mr. and Mrs. Webster Adams, of Chicago, will be the guests this coming week-end of Mr. and Mrs. Frederick McCulloch.

Mrs. Frank Telley and daughter, Miss Frances Telley, are home from Niagara Falls and other eastern points where they have been visiting.

Miss Sadie Ten Broeck, who is house guest of Miss Irma Henderson, is honor guest at a theater party at the Temple given by Miss Olive Doud this afternoon.

Mr. and Mrs. John Krenzien have returned to their home on West Wayne street, following an eastern trip of several weeks duration in which they visited New York, Niagara and Buffalo.

In celebration of his twelfth birthday anniversary Master Edward Hergenrother was surprised by a number of his friends. The evening was delightfully spent playing games, singing and listening to recitations.

Mrs. Sidney C. Lumbard is entertaining for a few days Mrs. R. T. McDonald and daughter, Miss Esther McDonald, of New York. Mrs. McDonald and Miss McDonald have but recently returned from an extended visit abroad.

Miss Olive Spalding, daughter of Mr. and Mrs. Charles H. Spalding, who has been spending the summer at Delaware, Ohio, will return to her home at the end of the week. Mrs. Spalding and daughter, Miss Jane Larsh, returned the first of the week after a visit in Delaware.

Mr. and Mrs. Sam Fisher and son, Roger Fisher, will leave on Saturday for an auto tour in the east that will extend over two months. Before returning home, they will have reached the extreme coast of Maine, spending some time in that state. They will also visit in New York city and a number of other larger eastern points.

The date of the wedding of Miss Flora Peters and Mr. Philip Bursley has been announced as the evening of September 21st at 7 o'clock, and none but the members of the immediate families will be present. Miss Peters is a daughter of Mr. and Mrs. John C. Peters and Mr. Bursley a son of Mr. C. E. Bursley. Miss Bertha Peters, sister of the bride-to-be, will act as maid of honor and Joseph Bursley as best man.

Miss Ida Lange, of Youngstown, O., who is the guest of Miss Edith Squires, was surprised by a party of young people last Tuesday evening. The jolliest sort of an evening was spent by the guests in games and music, followed by dainty refreshments. Those enjoying the evening were the Misses Lange, Goldie Wickliffe, Faye Squires, Edith Wickliffe, Bessie Keel, Bessie Squires, Iva Kissinger, Edith Squires and Mrs. Squires and the Messrs. Frank S. Hickman, Fernando Crick, John F. English, Homer Gustin, Nelson Comer and Rollo Kissinger.

The birthday anniversary of C. M. Menefee was celebrated with a surprise party which had been arranged by his wife and children. Arriving at his home at dinner time Mr. Menefee found his children and grandchildren seated around the festive board and lying at his place was a handsome gold watch. The guests included Mr. and Mrs. Oscar Menefee, Mr. and Mrs. Henry Menefee, Mr. and Mrs. James Menefee, Mr. and Mrs. Earl Menefee, Mr. and Mrs. E. M. Pfeiffer and Mrs. Maude Weyer, of Middlepoint, Ohio, a sister of Mr. Menefee. The Misses Mary, Amy and Leah Menefee assisted their mother in arranging the surprise.

Miss Esther Beamer, who leaves for Denver, Col., this week, was tendered a farewell party by the members of the T. D. C. club last Friday evening at the home of Miss Lela Rohrbaugh, 1625 Fletcher avenue. The house was tastefully decorated in the club colors, green and white. After music and games had been indulged in the guests were served with a delicious luncheon. Miss Beamer was presented with a handsome gold ring by her club friends as a token of their warm friendship. Those present were the Misses Esther Beamer, Myrtle Wilson, Lela Rohrbaugh, Alice Shaw, Bertha Bennett, Maggie and Mabel Bogner, Katherine Armantrout, Clifford Ellenwood and Mrs. Jesse Rohrbaugh.

The exodus to college among the young men and women of the city is on in earnest now. A good many of the Purdue students are going to Lafayette today or tomorrow to prepare for the opening of college next Wednesday. Among the new Purdue men from this city are Irving Jones, Herman Nussbaum and George Jordan. Some of the older men who are going back are Thomas Kelly, Harold Gummper, John McKay, Marshall Worden, Howard Colmey, Adolph Hofer, Ralph Thieme, Clarence Zook, Sol Roy and Philip Graf. The University of Pennsylvania does not begin until the 23rd of this month and Bud Van Sweringen and Bartlett Shryock will not return there until about the 18th. Miss Virginia Olds will return to the seminary at Monticello, Ind., on the 29th. Probably the latest college to begin will be the University of Michigan, which will attract four or five new students from this city, besides the seventeen or eighteen undergraduates in the city this summer. Among the new students from this city will be Trafford Wilson, Alfred Gross and Ewing Bond.

"BECKY SHARP."

Not an especially large audience greeted the appearance of Mrs. Fiske at the Majestic theater last evening in the role of "Becky Sharp." It was an audience that was not in the main, composed of habitual theater-goers but there were many who thoroughly appreciated not merely Mrs. Fiske's artistic qualities but the subtleties of her portrayal of Thackeray's famous character in "Vanity Fair." About ten years ago Mrs. Fiske was seen in the same play in this city. Her presentation last night was by no means a repetition of the delineation she gave at that time but instead a "Becky Sharp" of more finesse, more delicacy, not so elusive but just as fascinating, with a finer hold of humor and an indescribable witchery. Indeed, Becky's sense of humor enthralled the audience as it did her husband, and when Rawdon Crawley burst into laughter, the audience was for the moment as gullible as he and enjoyed his wife's cleverness equally with him. But to tell how Mrs. Fiske portrayed the role would be hardly possible. The lights and shades of the woman were so delicately put that Rebecca Sharp becomes a character in the drama to remain in the memory of those who saw Jefferson, as does his "Rip Van Winkle," or his "Bob Acres."

Probably no moment of the play is more pregnant with Mrs. Fiske's power than when in the third act, after the departure from the room of Lord Steyne, Becky tries to give some kind of an explanation of the situation to her husband. Then Mrs. Fiske speaks so rapidly that no one, unless very near the stage, can distinguish all that she says. But it isn't in the least necessary that the audience do. Everyone knows what Becky is saying because Mrs. Fiske makes everyone feel it. That power to make an audience see and feel whether her words are always plainly heard or not is but one detail of Mrs. Fiske's art. There is no question of "Becky Sharp" being an example of great dramatic merit.

Mrs. Fiske is well supported by a large company, many of whom lent distinction to their parts. Holbrook Blinn, as Lord Steyne and Henry Stephenson, as Rawdon Crawley, were especially fitted to their roles and Robert Ferguson, as Sir Pitt Crawley, Florine Arnold, as Miss Crawley, and Mabel Reed, as Briggs, companion to Miss Crawley, enacted their roles with a nice distinction as to their requirements.

The production was sumptuous, the ballroom scene in particular being one of the stage pictures that linger pleasantly in the recollections of the play from a scenic standpoint.

IN THE THEATERS

"As the Sun Went Down" This Evening and Friday and Saturday.

Arthur C. Aiston's powerful play, "As the Sun Went Down," will be presented at the Majestic theater for three days, starting this evening, with a matinee Saturday. The play's reputation has preceded it and it bids fair to eclipse the enormous business and the success attained by his latest attraction, "At the Old Cross Roads." Mr. Aiston has been wonderfully careful with the selection of his company and again headed the same with Estha Williams, who is well known here. Prominent in her support will be such well known people as Edwin Walter, Courtney White, Judson Langill, Ezra Grahme, Allen Lee, Joseph Holland, Fred Kelly, Ida Werner, Flora Byam, Margaret Miller and others equally as well known.

A special baggage car is required for the transportation of the company's scenery and properties.

TEMPLE THEATER.

Here's One on the Major, Who Most Always Can Tell 'Em.

A crisp five dollar bill changed hands quickly during the vaudeville performance at the Temple theater yesterday afternoon. And a lot of good natured "kidding" accompanied the change of the greenback; the subject of the wager was the "feminine" half of the team of Alexander and Scott, the former Cohen and Harris Minstrel stars who are the talk of the Temple patrons this week. The bettors were Louie Heilbroner and Major Wilson. Now both Heilbroner and Wilson have been in the theatrical business and have reason to feel they know a good deal about things connected with the stage, but the latter forgot for a time that "unknowns" and clever impersonators are among the present day discoveries. So when Alexander came out in a handsome gray gown after the style of a real duchess and displayed an ideal "lady's" figure as well as a wonderfully true and sweet feminine voice Wilson could not refrain from remarking "she certainly looks and listens good to me;" "Yes he does," laughingly replied Heilbroner. One remark followed another until the two got into a hot argument as to the sex Alexander rightly belonged to. The $5 bet was made during the nineteen out of the twenty minutes Alexander and Scott held the stage. Major Wilson was confident of being the victor. Then something happened—it was Arthur Alexander pulling off his lady's wig and disclosing his masculine features.

In fairness to the Major it must be said that judging from the astonished look upon the audience in general many other persons might have been caused to make a similar wager.

Coolness and Quiet of Great Help to the Ill

Whispering Must be Banished from Sick Room, as It Arouses Invalid's Suspicion.

Quiet and coolness are objects to be striven for in the room of a person who is ill. By "quiet" is meant not only controlling such sounds as might be noticed by a strong person, but preventing those which under ordinary conditions would not be noticed at all.

A mistake made by inexperienced nurses is to whisper in an invalid's room. Nothing could be more irritating to one who is nervously ill, for the sibilant sound of whispers is heard perfectly, but not that which is being said, and this may arouse suspicion and distrust that will affect the patient unfavorably. Anything which must be spoken of in the room should be told in a low undertone, and if it is something the ill one is not to know, the nurse must wait until she can get the other person into another room.

Any garments which rustle should be banished; even a regulation linen uniform will be irritating if it is starched so as to crackle. Squeaky boots or slippers are impossible; many nurses wear list or rubber soled shoes, and their example should be followed by amateurs.

Coolness in summer is more difficult to attain, and yet even a small outlay will make possible much comfort in this direction. If the room is so situated as to have windows on two sides, sheets wrung out in cold water and hung over the open window will make the temperature several degrees lower. When there is not air enough to cause a draught an electric fan should be had. Those now made are practically noiseless, and when attached make a wonderful difference in an invalid's comfort.

In excessive heat of summer if a great dishpan with a large cake of ice is brought in and the fan turned on this the change will soon be apparent. None of the methods for artificial coolness should be indulged in, however, without first obtaining a physician's approval, for the invalid might take cold.

Frequent sponging with alcohol and water is most refreshing to a fever patient, and when the body is thus bathed it must be covered at the same time or cold will be caught. A tablespoonful of grain alcohol to a quart of water is a good proportion, and even a strong person will find this an excellent bath on a hot day. Alcohol diluted in this fashion is more cooling than when put on full strength.

FRECKLES

September the Month to Get Rid of These Ugly Spots.

Now that the summer is over, the woman with tender skin finds her face covered with ugly freckles and she fears that she has ruined her complexion.

Fortunately for her piece of mind, the recent discovery of a new drug, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine will remove them. Get an ounce package from Meyer Brothers Co., and banish the freckles.

Money back if it fails.

There Are Reasons

Why so many people have ready-at-hand a package of

Post Toasties

The DISTINCTIVE FLAVOUR delights the palate.

The quick, easy serving, right from the package—requiring only the addition of cream or good milk is an important consideration when breakfast must be ready "on time."

The sweet, crisp food is universally liked by children, and is a great help to Mothers who must give to the youngsters something wholesome that they relish.

The economical feature appeals to every one—particularly those who wish to keep living expenses within a limit.

Post Toasties are especially pleasing served with fresh sliced peaches.

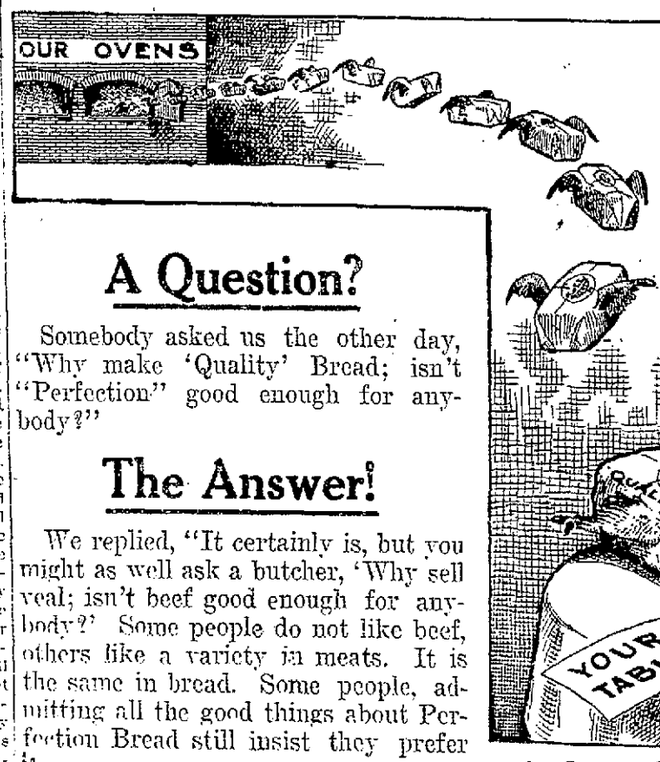
"Flavor" Is Our Good Reason for Making Two Good Breads "Quality" and "Perfection"



A Question?

Somebody asked us the other day, "Why make 'Quality' Bread; isn't "Perfection" good enough for anybody?"

The Answer!

We replied, "It certainly is, but you might as well ask a butcher, 'Why sell veal; isn't beef good enough for anybody?' Some people do not like beef, others like a variety in meats. It is the same in bread. Some people, admitting all the good things about Perfection Bread still insist they prefer the flavor of their home-made. It is to relieve these people of the unnecessary labor of home baking and still give them a bread with a FLAVOR they will like, that we are making Quality. And others, who like a variety in bread flavor can get two different kinds with both having the same high standard of nutriment and cleanliness. THAT is our reason for baking two good breads, and a mighty good reason it is, too."

RECIPES.

Frothed Chocolate.

Scald one pint of milk in the double boiler; dissolve one level teaspoonful of cornstarch in a little cold water, and stir it into the hot milk; cover and cook for ten minutes. Scrape four squares of bitter chocolate, add two tablespoonfuls of sugar and two tablespoonfuls water, and set at the side of the fire where it will slowly melt. When quite dissolved and glossy, add gradually one pint of hot water, stir over the fire two minutes, and add it to the milk. Cook in the double boiler, stirring occasionally, for ten minutes; then beat vigorously with an egg beater and serve with whipped cream.

Stuffed Eggplant.

Boil an egg plant in unsalted water for twenty minutes; drain, cut in halves and remove the center, leaving a wall half an inch thick. Chop the scooped out portion, put it into a basin, add half a cupful of bread crumbs, one chopped hard boiled egg, two tablespoonfuls of melted butter, one tablespoonful of chopped tomato, seasoning of salt and paprika. Put the stuffing into the eggplant, brush the top with melted butter and bake in a hot oven for half an hour. Serve hot.

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Will Peltier, Bob Carnahan and Fred Beach left this morning for Faribault Military school, in Minnesota.

Marriage licenses: Jacob West and Lizzie Stoler, David Brondige and Lottie Pratt, Judson E. Green and Lydia M. Tracy.

The beer gardens have closed for the season. There was no attendance at the Tivoli last Sunday, and but few invaded the Apple Orchard.

Capt. Scott Swann is at the head of Commander-in-Chief Burdette's staff in this state. The captain was a gallant soldier and adorns the position.

Col. D. N. Foster, department commander of the G. A. R., left today for Terre Haute, Evansville and Booneville to inspect and address G. A. R. posts.

The Independent Military company was organized and officered last night as follows: E. H. Coombs, captain; Horace Hanna, first lieutenant; Charles Woodward, second lieutenant.

A. R. McCurdy has resigned his position with George DeWald & Co., and yesterday purchased a half interest in the general store of T. J. Fleming. The new firm will be known as Fleming & McCurdy.

The electric light company now has its lights suspended across the streets by means of wires stretched from one corner to the other, instead of the unsightly wooden arms which formerly did service.

Louis Ohnhaus won the bicycle race for old wheelmen yesterday and J. S. Evans won the race for amateurs. The races were followed by a parade. This novel sport grows in popularity, and Capt. Clem Edgerton is proud of having introduced and cherished it here.

The following new jurors for the superior court service were drawn this morning: Leroy Sprague, Milan township; Hiram Porter, St. Joe township; Charles G. Pfeiffer, Washington township; Gottlieb Schaffer, Milan township; Charles Moyer, Aboit township; O. D. Hurd, city; Joseph Harding, Milan township; George Whery, Monroe township; Jesse Heaton, Marion township; McKean McCurdy, Springfield township; William Budde, Lake township; Henry Applegate, Maumee township.

There is an apparently well founded rumor that the Conrad company has at last definitely determined to abandon Queenstown as a port of call in favor of Fishguard. The inevitable agitation in Ireland against this change is destined to failure, says the Scientific American, for the reason that there is every argument on the ground of saving time, expense and general inconvenience in favor of the change.

BECOMES A MORMON AND WILL EARN LIVING

Scion of Wealth Shakes Old Sweetheart for a Mormon Beauty.

San Francisco, Cal., Sept. 8.—Acceptance of the tenet of the Mormon church which provides that no man shall live in idleness nor on the wealth accumulated by his father, or his father's father, is the price Daniel Palmer, of New York, son of a multimillionaire, has decided to pay for the hand of Miss A. Pearl Weller, of Salt Lake City. Miss Weller is the daughter of A. J. Weller, ward bishop of the mormon church.

Young Palmer yesterday afternoon announced that he had decided upon this course, which means the breaking of his tentative engagement with Miss Marjorie Curtis, a society woman of the younger set in New York, who was one of the bridesmaids at the Gould-Drexel wedding last spring.

Father and Son to Meet.

Palmer is here to meet his father, D. H. Palmer, a coal magnate of New York. Father and son will go to Salt Lake, where they will meet Bishop Weller and the engagement will be discussed. Palmer's plans may mean the giving up of his inheritance and possibly his social position in New York, where he is a member of the Knickerbocker, the Princeton and other clubs. He said today:

"Miss Weller is the most charming and accomplished girl I ever met. I have discussed our engagement with her parents and the only barrier against our immediate marriage is that I engage in some business or occupation and demonstrate thrift. This I have decided to do, no matter into what line it may lead me."

Palmer said he and Miss Curtis had been friends since childhood and that society and his friends had taken it as a matter of course that they would be married. He admitted that his father, until very recently, had been determined that he should marry Miss Curtis.

Tried to Join Marine Corps.

The young man's presence in San Francisco became known when he sought to enlist in the marine corps and was refused by the enlisting officer because he told of his New York connection and his love affair. The officer declined the application on the ground that the notoriety his enlistment might cause would be detrimental to the service.

Palmer explains that his reason for wanting to enlist in the marine service was whimsical and that he thought the training and discipline he would receive would be beneficial, and it would be an end to the means of securing the hand of his Mormon sweetheart.

ON HARVARD AVIATION FIELD.

English Aviator Wrecks His Machine and Flight Is Stopped.

Boston, Mass., Sept. 8.—While trying to land with his triplane in front of the grand stand, at an elevation of about 25 feet A. V. Roe, the English aviator so badly damaged his machine at the Boston-Harvard aviation field, in Atoantic, that in all probability it will be out of commission for the remainder of the meet. The wheels struck in soft dirt throwing the triplane on its nose. The forward planes were broken and both blades of the propeller were splintered. The engine of the machine was almost buried in the earth. Roe was uninjured although he received a bad shaking up. This was the second accident in which Roe has figured during the gathering of aviators here.

Spurred on by the large lead in the number of points held by Claude Grahame-White, the professional aviators made preparations today to attempt to overcome the Englishman's advantage. Grahame-White, however, stated today that he would go after the accurate landing record made by Glenn H. Curtiss yesterday, which is sixty-three feet, ten inches.

Barnett, Rich Philadelphia Wholesaler, Figures in Romance.

Philadelphia, Sept. 8.—Frank N. Barnett, vice president of the wholesale grocery firm of Schoch & Shafer, and a member of the Gano H. Barnett company, frequently called the "file trust," yesterday obtained a license for his marriage to Miss Lavina K. Wehn, who until four weeks ago was a bookkeeper in the Schoch & Shafer store. She is a daughter of G. Harry Wehn and is an attractive brunette of about 25 years. Barnett is several years her senior and is wealthy.

ILL AND TIRED OF LIFE.

New Castle Man Drowns Himself in Shallow Stream.

New Castle, Ind., Sept. 8.—Olin Payne, 35 years old, well known as a manager of canning factories, drowned himself yesterday in Blue river, where the water was only eighteen inches deep. To prevent his body floating away, Payne tied his ankle to a tree and then threw himself face down in the river. Before committing suicide he wrote a farewell letter to his wife, telling her where his body could be found.

Payne had been in ill health. He had considerable property and had managed canning factories in Illinois for the Van Camp Packing company, and at Spiceland and here.

Anderson, Ind., Sept. 8.—Bessie Welstone and Lena Conquest, two 14-year-old girls of Elwood, alleged to be incorrigible, were yesterday turned over by Judge Bagot to the probation officer of the juvenile court. It is alleged the girls have been engaging in joy rides and otherwise conducting themselves against the wishes of their parents.

FEDERAL TREASURER QUITS.

Washington, Sept. 8.—William Boldenwreck, assistant United States treasurer at Chicago, has resigned and will leave his office on Sept. 17. Some time ago a shortage in the Chicago office was reimbursed by an appropriation of congress. It was said at the treasury that Boldenwreck's resignation had no connection with that incident, but was of his own accord and on account of his age.

Life's Blessings

For the mother in the home to be strong and well, able to devote her time and strength to the rearing of children, is one of life's greatest blessings. Often the bearing of children injures the mother's health, if she has not prepared her system in advance for the important event. Women who use Mother's Friend are saved much of the discomfort and suffering so common with expectant mothers. It is a penetrating oil that thoroughly lubricates every muscle, nerve and tendon involved at such times, and thus promotes physical comfort. It aids nature by expanding the skin and tissues and perfectly prepares the system for the coming of baby. Mother's Friend assures a quick and natural recovery for every woman who uses it. It is for sale at drug stores. Write for free book for expectant mothers.

Antique Jinx Got a Hard Rap From end W. Justus

Struck Out First Man Up in Two Games and Won Both and Shelved a Pet Baseball Superstition.

An antique baseball jinx took the count for the second time within three days when Walter Justus smared a victory in the opening flight of the Vet series after having breezed the first batter up in the tilt for second place in the 1910 per centage column.

In the Labor day matinee at Fairview park in Dayton on Monday the said W. Justus wheeged Curly Blount to the bench as the curtain raiser for a hurling duel in which he won over Harry Corns after ten innings of interesting pastiming.

Blount blew back to his seat on the players' bench as a starter for the combat on the home plot in the first Dayton game and some effort was made to revive the jinx by a coacher who served notice on the Vet flinger that he was off with a handicap, but he came back with a little baseball repartee in which he called attention to the fact that he had nosed out under the same weight Monday and then he put on display a line of throwing that was worthy of the victory he got.

That jinx business means this. Ordinarily a hurler had as soon give a hit to the first batter up as to strike him out. Baseball archives are chuck full of stuff about this jinx and with the general run of pitchers it's on the level.

While Mr. Justus was *brazing along* through nine exciting rounds with his curve ball breaking nicely and plenty of speed to mix in now and then with an annoying slow ball, Edward "Jeff" Pfeffer cut in with a brand of flinging that was superb and only five blows resulted from the Vet efforts to negotiate with his delivery, but one little pass in the closing round put his noble efforts on the rattler.

He let the Veteran chief amble in the ninth with Dobart scrapped in an attempt to bunt and Aristo DeHaven, late of Atlanta, chucked a nifty double into the hit column. Knoll could have scored on the rap, but Harry Martin took a half Nelson on him at the third base turn and grappled with him until he forced him back on the bag. Ray "Deerfoot" Spencer mixed another double into the going at this interesting point and the two runs that hung up a victory for the Veterans were counted.

The matinee was one of the most interesting of the season and the patron who did not enjoy it needs something for his liver. Of course, it would have been more keenly relished with the fighting Burkeites on the winning end of the count, but at that it was one grand exemplification of the thirty-second degree in our national amusement.

NOTES OF THE GAME.

Carl Manda featured the battle with his work. He came in fast on Spencer's line drive in the fourth with DeHaven on second and saved a run. He also robbed Sykes of a hit in the sixth with a nifty catch.

Ray Spencer robbed himself of a double by his failure to touch first when he hit in the second inning.

Dal Gainer was on the job and his eagle eye detected Spencer when he cut first. After the ball had been fielded he called for it, touched the bag and Mr. Jacobs called the deerfoot out.

Eddie Justice cut down fleet Steve Ragan in the eighth when he loped over behind second and grabbed his fast infield grounder.

Manda and Justice came near muddling Knoll's fly in the sixth when both went after it. Manda got it, however.

Fort Wayne's best chance to score was lost in the sixth when McDermott hesitated on Young's double to right. He had been passed and was afraid Spencer would get under the ball and stopped between second and third.

Lemon did not seem to be affected by the blow on his head at Dayton. He stepped into Justus' delivery and hit the ball three times out of four up, but couldn't get one into safe territory.

Donahue did some classy fielding when he nipped Spencer at the plate in the ninth on Sykes' hard grounder.

Knoll had picked Asher for the first game, but Justus asked to pitch it and also asked to go in in the third game tomorrow afternoon.

Pfeffer put on a good exhibition but luck broke against him. He struck out twice and got a hit.

BOWLERS NOT READY TO ELECT THEIR OFFICERS

Another Meeting to Be Held at Alleys in Ten Days.

Owing to the fact that there was not a full representation of the teams that expect to enter the shop league proposed at the Metropolitan alleys, no election of officers were held and nothing more was done than to outline the plans for the season.

These plans contemplate an organization to be made up of clubs that will be selected from the shop base ball league and in addition an effort will be made to line up a league in the Bowser plant, which will be given one night each week when all of the teams will bowl.

The arrangement formulated contemplates the entrance of teams from the Bowser Oil Tank works, Bass foundry, Pennsylvania and Wabash railroads, Fort Wayne Electric works, Fort Wayne Rolling mills, Western Gas Construction company and the Wayne Knitting mills.

The subject of entry fees was not taken up nor was it decided just when the league will open, though Sept. 26 was tentatively fixed by the alley management. The Bowser plant teams will be organized in every department of the works.

At the next meeting the election of officers will be taken up and the schedule will also be considered. Carl Thieme is in charge of the alleys and is getting ready for the opening.

DAVE MARTIN TAKES GAME FROM OLD MATES

Performed the Feat That is Most Pleasing to Ball Players.

If there is one little morsel that is more palatable than another to the average base ball player and one that supplies more satisfaction for the hot-stove circuit tales of the off season it is to slip over a healthy beating on a team that turned him down.

Elongated Dave Martin put away one of these tidbits yesterday when he romped through nine innings with Midge Craven's Stags and came out with three hits chalked against him. A few short weeks ago Mr. Craven concluded that David was of no use to his pitching staff and he shunted him over to the Broncho cral, where he has been performing in most creditable style.

Pitted against him was "Sappy" Moffit, his old stable mate in the Bender hurling string who was touched up for eight bingles that netted an output of four runs and an easy victory.

Those second division teams are putting up some base ball for the final lap of the season. Down at Zanesville the Potters and Stogies went into the ninth round with the score tied at one and two were stowed by Wheeling before Ned Crowder got into one of Mosley's shoots for a single and sent over the winning run. These two clubs have been going in great form and a burst of the speed they are showing now would have put them in the running earlier in the season.

Evansville's short left field fence counted another victory for the Evas in the final series with the Tots when Sheldon Lejuene decided the first fray by pummeling the ball outside the stockade. Markham, a recruit dug up by Manager Angus Grant, was sent to the firing line for a try out and he did noble duty, holding Terre Haute to half a dozen safeties.

Rudy Summers pitched great ball and up to the time that Lejuene met a shoot for a homer only three hits had been gleaned by the opposition.

GOOD WEATHER FOR RACES.

Joe Boy and Biza Win the Features at Charter Oak.

Hartford, Conn., Sept. 8.—In the Grand Circuit races at Charter Oak park yesterday the 2:12 pace and the 2:14 trot were won respectively by Joe Boy and Biza each in straight heats.

Weather conditions were ideal. Five started in the first heat of the 2:14 trot but Orlean and Husky Harry broke badly and were distanced. Biza and Bervadio had it out in close brushes in both heats of the first race. Biza winning each. Olive F. was third.

The 2:12 pace with only three starters was easy for Joe Boy, Mike Wilcox taking second money and Dr. Fox third.

The racing committee has decided upon the following program for Thursday: 2:20 trot; 2:09 Charter Oak $10,000 stake; 2:05 pace and 2:11 trot. Summaries:

2:14 trot, purse $1,000—

Sporting News in Tablets

Land, catcher for the Cleveland Naps, was born on the day that Grover Cleveland was inaugurated president. His name is Grover Cleveland Land. It is very proper also that he should be with the Clevelands.

Leever, of Pittsburg, has a batting average of .045, tied with Knetzer, of Brooklyn. Ed Reulbach, of Chicago, has robbed Jack Pfiester of his honors as lowly batsman. Reulbach averages .062. Pfiester, mighty swinget of the willow, is marked .107.

South Bend papers just can't get rid of that crab about syndicate ball. They insist that Wheeling is partly owned by Claude H. Varnell, which is true. Mr. Varnell owns one share of stock in the Wheeling team and is so deeply interested that he has never attended a meeting and has had no dividends.

Tom Swope in the Dayton Herald attributes the morning victory at Dayton to the fact that Jimmy Burke got after Steve Ragan and got his goat. Ragan had two costly errors in the game.

"No matter who the man may be, if you make trades and try to benefit your team you are apt at some time or other to make mistakes," says Hugh Jennings. "I only charge myself with one mistake since I have been in Detroit, and that was made when I allowed Jimmy Archer to get away from me. I always recognized his ability as a catcher, but I wanted some one who could hit. It was a serious mistake, for had I kept Archer I would never have been without a strong catching staff."

Harry Howell wants to have the national commission appoint a few instructors to go to the minor leagues each year to teach the youngsters how to play the game. It would be an ideal scheme wouldn't it, if there were enough minors who had the brains to stand it.

Larry Lejeune is having some trouble with his throwing arm and left Evansville at Terre Haute the day before the last game. He was in his position yesterday.

Evansville Journal-News: Bill Snyder, Evansville's star outfielder, and the man who divides the base running honors with Larry Lejeune will play with Columbus next season in all probability. Snyder was procured from that team by Grant in the spring by an optional agreement, and Columbus has decided to exercise its option. Snyder was in many respects the best fielder in the league, and will no doubt make a record in the association equal to the one he made here.

Evers, Hofman, Kling, Overall and Brown say they will play ball with the All-Star team in spite of the national commission. If Overall has another day like yesterday he will not be asked.

Report has it that Kenworthy has been sold by Zanesville to the Oakland club in California. The sale may not stand as the major league drafting season is not over and then the Class A. clubs have a chance.

Big Eddie Asher Will Go Behind the Bat Some Day

Although his performances this season indicate clearly that Big Eddie Asher, of the Dayton team, has lost none of his usefulness as a Central league pitcher there is every probability that a couple of years from now he will be behind the bat and that he will be performing very creditably.

Pitchers are more plentiful than catchers in these baseball days and for that reason Asher will some day don a big mitt, a windpad and a mask and possibly shin guards and develop into a real out-and-out catcher.

Truth of the matter is that he will not have much developing to do as he is already a good backstop, although he has not worked at it for several years. Many of the best baseball players of the country have started out as pitchers and have been switched to other positions for the reason that managers as a rule regard it as a most criminal piece of business to sacrifice the making of a good fielder to the work of allowing a mediocre pitcher who can hit to lumber along in the box for which he is unfitted.

However, Ed Asher is one of the few men who started in another position and took up pitching as a sideline and then as a regular profession. When he went into professional baseball at Henderson, Ky., in 1905, he was a versatile sort of a fellow and played utility holes until his manager concluded that he was a better pitcher than he was a fielder and he was put on the staff.

In the meantime he had played behind the bat and shown enough class to attract attention. He played in the outfield for his team, took a job on the infield when it was vacant and carried bats when there was nothing else to do. Lee Lemon, who has seen Asher perform, says that he is a better catcher right now than any man in the Central league and that he ought to be behind the bat instead of in the box.

Asher is somewhat modest but he says that he has done everything in baseball that Guy Sample has done and that in the future he may get a berth as a catcher.

OWNER PAYS A LAST VISIT FOR THE SEASON

Expects Good Year in 1911 and is Satisfied With the Showing.

Owner Claude H. Varnell, of the Fort Wayne team, arrived from his summer cottage in Illinois in time for the game yesterday afternoon and expects to be in Fort Wayne a couple of days on his last visit of the baseball season of 1910, as the Wheeling fair, in which he is interested as a stockholder, will open next week and he will not be able to get here for the finish.

After the fair is over he will follow his usual custom of returning to dispose of the unfinished details of his business and to put the ball park in winter quarters. He said today that he would be back with a good team next season and will make another try for the pennant.

The season is the best Mr. Varnell has ever had in baseball and he said he is perfectly satisfied with the support that has been given him. The attendance figures have been better than in the two seasons before and if it had not cost him so much to carry his team on the road where small crowds have been the rule he would have finished with a good balance.

Nothing will be done toward shaping up his club until after the Class A drafting season is over, as he will probably lose a man or two and until he knows just what he will need he will take no steps.

He and all of the players with Secretary Bert Dennis had their pictures taken in a group during the forenoon and arrangements were perfected for a double-header on Sunday. This will be arranged by advancing the Monday game, which can be done with the consent of the two interested clubs, and there will be no room for a protest like that put in by Dayton on the double bill of last Sunday.

Following the close of the season the players will be here for the annual wind-up with the Fort Wayne Shamrocks, which is a yearly event.

COBB HAS TROUBLE WITH EYE.

Oculist Finds Georgia Peach Has Used Only One Optic.

Cleveland, O., Sept. 8.—That Ty Cobb of the Detroit team has been "batting with one eye" all season developed when it was learned that the reason Cobb did not come here with the team was because he had found that one of his eyes was defective and remained in Detroit to go under the care of an oculist.

It was at first feared Cobb would lose the sight of the eye, but the oculist thinks a little treatment will set matters right. Unless the eye gets into good shape, however, Cobb will not try to play any more this season.

The right eye is the one which has been failing to do its work. While the left eye was normal, the right is nearsighted and when Cobb stood up to the plate to bat it was partly closed. As a result, he did all his judging of balls with one eye and a facetious fan here says it is a good thing for Philadelphia that the Georgia peach hasn't had both optics working full time all season.

IN THE SPOTLIGHT

Dolly Stark got one of the seven hits Brooklyn made against Philadelphia. He had five fielding chances and blew two of them.

Denver won in the Western league race but made no gain on Sioux City.

Christy Mathewson struck out eleven men in his game against Boston and New York won, although errors by Shean gave the Giants the victory.

Golden, formerly with Bade Myers at Dayton, pitched five innings for St. Louis against Pittsburg and was hit five times after Corridon had been routed. Babe Adams was hit eight times in the first game of a double bill.

Overall was hit for six safe drives in one inning by Cincinnati and four runs resulted. McIntyre was hit seven times in the remainder of the game, but the Cubs rallied and long hits by Evers and Schulte beat the Reds in the ninth.

Clint Prough held Quincy to two hits and Keokuk beat Bade Myers' team one to nothing.

George Mullin gave two bases on balls, was hit three times and three bases were stolen in one inning, netting Cleveland a victory over Detroit.

Furtell's two errors gave Collins a beating in a pitching duel with Bender and the Athletics added another victory.

Walter Johnson struck out five men in his game against the Highlanders and allowed five hits and Washington took the game.

"Toughey" Breen made a wild throw in the tenth inning of the game between Milwaukee and St. Paul.

Perring made four hits out of five times at bat and helped Columbus win from Louisville.

Pelletier, who reported here this season, pitched for Aurora and won over Oshkosh although eighteen hits were recorded against him. His team got 22.

SMOKER FOR THE BOWLERS.

Preliminary Meeting to Be Held at the Brunswick Alleys.

In order to shape up the teams and do some of the preliminary work toward the organization of the two ten-club leagues at the Brunswick alleys, Owner William McKay will give a smoker Friday evening to which all of the bowlers of the city are invited.

The bowlers will have control and will organize along lines that will take care of the more experienced men as well as those who are breaking in. The owner has the cash entry fees for twenty clubs in his hands and will give two tournaments, arranging the handicap system so that the ordinary bowler will have as good a chance as the good ones. By joining the Brunswick leagues bowlers become accustomed to the alleys and will have an advantage in the tournaments.

He has extended an invitation to the shop bowlers, who are talking of organizing to attend the smoker and see what he has to offer.

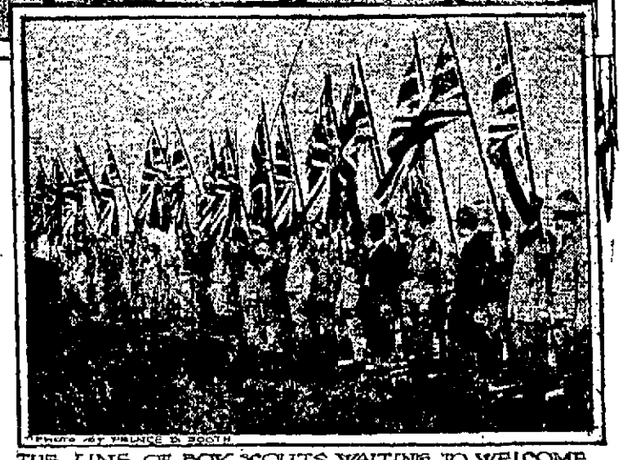
CANADA'S NATIONAL EXPOSITION AT TORONTO.

CANADIAN NATIONAL EXHIBITION, TORONTO



THE LINE OF BOY SCOUTS WAITING TO WELCOME GENERAL BADEN-POWELL

Toronto, Ont., Sept. 8.—In many respects the Thirty-second annual Canadian National exhibition, now in progress, is one of the greatest fairs the world has seen. It is estimated that between its opening on August 27 and its closing September 12 there will have been 1,000,000 admissions to the grounds, which overlook Ontario.

The exhibition is an institution of Toronto and Toronto is proud and careful of anything that attains the distinction of an institution. Accordingly the grounds were long ago laid out with an eye to permanence. The property is tremendously valuable. The most successful business men of Ontario fill the offices and the directorate. For the fortnight of the exhibition's annual existence they push their own affairs into the background and eat and sleep on the grounds, living only for the exhibition.

CURE FOR ECZEMA.

Discovery That Cures Pimples, Eczema and All Skin Troubles.

If you are troubled with pimples, blackheads, acne, barber's itch, blotches, freckles or other skin disease or blemish, now is the time to cure it with Hokara.

This Removes Dandruff

It is an easy matter to wash the scalp with an ordinary soap—it will do some good, probably cleanse the hair and remove the oil—but will it remove the dandruff?

Some of it may be loosened and combed out, but what should be done is this—apply

NYAL'S HIRSUTONE

twice a week for the first week, once a week for two or three weeks, and then only when necessary.

The scalp will be thoroughly cleansed, dandruff removed and bacterial action prevented. The pores of the scalp are opened up and the proper amount of nutriment given to the roots of the hair.

It is not only a cleanser—it is a tonic—a food.

ELKINS DENIES WEDDING STORY

Daughter Will Not Marry Abruzzi, Senator Declares Again.

Pittsburg, Sept. 8.—Emphatic denial was made last night by Senator Elkins of rumors that he is preparing to go to Paris, that his daughter Katherine will marry the duke of the Abruzzi in February or at any other time, that his family is to be presented at the Italian court or that his daughter is to be made a countess.

The senator declared he has denied rumors until he is worn out, and that he would like to have it accepted as a final fact that there is no contemplated union between his daughter and the Italian duke.

"All of these things were denied two years ago and there is no more truth in the rumors now than there was then, when I declared I would prefer that my daughter marry an American," he said. "The sole purpose of the European trip of Mrs. Elkins and Miss Katherine Elkins is for the benefit of her health."

Since the adjournment of congress Senator Elkins has been resting at his summer home at Elkins, W. Va.

NEW PICTURE THEATER.

A new moving picture theater is to be opened in the building at the southeast corner of Calhoun and Washington streets by the Colonial Theater company, of Peoria, Ill., which is capitalized at half a million dollars and which will control a string of fifty theaters through the middle west this winter. The local play-house, which will accommodate 650 people and which can be emptied in case of fire within two minutes, is the largest of the string. It will be managed by Mr. Cyphers, who comes from Peoria. The opening will be held within a week or so, it is expected.

Walter Keenan, son of H. J. Keenan, manager of the Anthony hotel, will leave on Saturday for Niagara Falls, where he will enter Niagara university to prepare himself for entrance into Harvard.

MEYER BROS. CO. SUCCESSFUL.

After a great deal of effort and correspondence Meyer Bros. Co., the popular druggists, have succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular fifty-cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles that Meyer Bros. Co. are willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific that Meyer Bros. Co. have been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon them at once.

Watch Saturday's Sentinel Grow

Read the Daily Sentinel

Never in the history of Fort Wayne has any other local newspaper published a **SATURDAY** issue that would in any way compare with the big Saturday papers put out by **FORT WAYNE'S GREATEST NEWSPAPER,**

The Daily Sentinel

Column after column of crisp local news; all the news of the world as covered by the World Celebrated news gathering association, **THE ASSOCIATED PRESS**; page after page of special articles by the world's brightest writers. All going to make the greatest and best newspaper issued in Fort Wayne. **THE SENTINEL SPARES NO EXPENSE** that its readers may have the **BEST THAT MONEY CAN BUY.**

THIS WEE KTHERE WILL BE SPECIAL PAGES, handsomely illustrated, on:

"88, Father of 28 and a National Banking System."

John Henry Thiry, sponsor of the school savings scheme, in which $15,000 is deposited, tells of his busy life and says "Ride a Hobby, but be certain you pick a thoroughbred." Interesting points in his life, his habits and pleasures are all told about.

Skibby and the Devil's Darning Needle

The Judge is still away on his wedding trip and Skibby goes up against the most severe trial of his life. He starts to school. Has to whip several of the larger boys and gets into trouble with the school authorities. The devil's darning needle starts a panic in the school room during the absence of the teacher. Skibby comes to the front in averting the panic at the expense of many bruises to himself. He is the hero of the school.

Fitting a Girl for Boarding School On the misses' page are shown five dainty designs in dress for the boarding school miss together with many useful suggestions for dress in this important period in the young lady's life. There are also suggestions of things that are timely and tasteful for all young ladies in the way of farewell gifts, miniature coin purses, surf caps, candle sticks and shades, antique gilt frames and Russian tea spoons. The April Grandmother gives another of her most interesting talks.

Teaching Women What Money Means The large banks of the country these days make special arrangements for the accommodation of their lady customers. "Ladies' accounts respectfully solicited," is the sign that greets the caller at all of the larger banks. Men with the smile that wont come off are placed at the windows to greet the lady patrons. At some of the banks it is like a fashionable club when the ladies congregate.

Sally Prue Has Guests From Home After several years in the great city Sally's mother and younger sister visit her. Sally has heart to heart talks with her little mother. Learns the love story of her sister and the Little Minister. After a two years' absence the man from Mouquin's again turns up.

When New York Goes to the Fair The big show of the Empire state has at last come to its own and settled down permanently at Syracuse, after many vicissitudes. The smart set goes for the horse show, the farmer for the wonderful cattle exhibit and the masses for the big time to be had. Auto racing is one of the big side attractions, while one night is given up to a great water carnival. How the mounted police handle the immense crowd.

The Widow Wise This week falls in love with Claude Le Roy. They romantically plan an old fashioned elopment, but plans are disarranged by the widow's little dog and the other canine inhabitants of the district. A policeman appears and conveys Claude and his ladder to the police station. The widow calls the wedding off. Told in verse. Illustrations in two colors.

Stimulating His Interests Mrs. Mimms, the wife of a close farmer, desires a new dress but her husband thinks it too expensive. She gets an idea as to the stimulating of a husband's interest in his wife from her source of inspiration, the "Fireside Friend." She dresses up rather gay for her age and makes a mystery of several little incidents. The husband gets grouchy and retires to the front porch to meditate on his wife going insane as did her Aunt Jinny. He unconsciously picks up the "Fireside Friend," reads the article that inspired his wife and decides to play the other side of the game. A full page illustrated story.

News and Views of Farmers The farm page that is read by more people than any other farm matter published in this territory. Farmers like it because they know it is absolutely reliable. Every suggestion has been tried by men of large experience.

Every Boy and Girl's Page This week is one of the best that we have ever published and is beautifully illustrated. A dainty little miss makes a morning call. There is a patriotic story of the house that was saved by the grand old stars and stripes. The Little Kitten's Surprise is made up of six humorous drawings while the old fashioned apple butter boiling is told in verse and picture.

TWO PAGES OF COLORED COMICS

Uncle Mun Scares the burglars and takes Dot an aeroplane ride in a large iron safe, landing at their home just in time for dinner.

The Tiny Tads Take a journey on a Canary-oplane and have some startling adventures with strange creatures.

Buster Brown The Pretty Milkmaid and Tige have a warm time with hornets. Buster almost forgets his gallantry.

The above are just part of what will be found in next Saturday's Sentinel. Every department of home news of interest to our readers will be thoroughly covered.

SOCIETY, RAILROADS, SHOPS, CHURCHES, SUNDAY SCHOOL LESSON, SERMON, BASEBALL, WOMAN'S PAGE, will all be there. Nothing that goes to make up a complete newspaper will be overlooked. Place your order with your newsdealer for this greatest of Fort Wayne newspapers.

IN THE CITY'S CHURCHES

HE HUGHIE BOWSER FREE METOHDIST CHURCH DEDICATION

New Edifice on Holton Avenue Will Be Dedicated Next Sunday Forenoon.

W. B. Olmstead, of Chicago, an evangelist of the Free Methodist church, arrived in the city today and will be present at the meetings held this evening and Friday evening at the Free Methodist church preliminary to the dedicatory exercises of the new Hughie Bowser Free Methodist church to be held Sunday. Mr. Olmstead will have charge of these services, which will be held in the new church edifice at 10:30 o'clock on Sunday forenoon.

The contractors have just completed the new edifice and the seats are being placed today so that everything will be in readiness for the dedicatory services Sunday. The structure is of brick and complete costs $7,000. The auditorium seats 400 people, with the Sunday school rooms at one end thrown open. In the basement are also two class rooms for the use of the Sunday school.

The building stands on Holton avenue, between Creighton avenue and Hurd street, and faces the school building in that part of the city and the Bowser works. On the same lot is the newly acquired parsonage of the congregation. The church and the parsonage represent a value of over $10,000.

The acquirement of the new property and the building of the new church edifice was made possible through the generosity of S. F. Bowser, the president of the S. F. Bowser & Co. factory. He purchased the lot and parsonage for the congregation and gave them a deed for it and paid all the costs of building the new church edifice. In consideration of this the congregation gave him the old church property at 1318 East Creighton avenue, which is worth less than $3,000.

The new church is to be known as the Hughie Bowser Free Methodist church, Hughie Bowser being a son of Mr. S. F. Bowser, and is so named as a tribute to the latter for his munificent gift to the church.

The pastor of the church is Rev. W. T. Loring, who has been untiring in his work for his congregation in the southeastern part of the city. He has been located in the new parsonage for some time and has superintended the construction of the church edifice.

STATE CLOSING THE CASE IN MILLER HEARING

Finishing Touches Are Being Put on by the Prosecutor.

(Special to The Sentinel.)

Auburn, Ind., Sept. 8.—There are a few more points to introduce by the state in the prosecution of Herman Miller for the purpose of supporting the evidence given by Fred LaDuke and then the direct testimony against the prisoner will have been closed. Deputy Prosecutor Harry Hilgeman was not certain today that the testimony would be finished by the time of adjournment, but said only a short time will be required tomorrow to close up.

An incident of the trial occurred when Robert B. Shirley had finished his testimony. It transpired that he and Judge Best and one of the jurors had been in the legislature together and they held a short reunion.

The most important witness of the forenoon was Henry Yaggy, a poultry dealer of Woodburn, who testified that he met Herman Miller early on the morning of the murder and was told by the accused that the burglars used a sledge hammer with the handle sawed short so that it could be easily carried. He also told Yaggy, according to the witness, that an effort to get in the back door had been unsuccessful and that then the window was attacked. These facts were not generally known, as nobody was allowed to enter the premises.

Frank Wilson told of having gone with Miller to the home of Bill Bennett for the purpose of serving a summons upon him to appear and tell what he knew about the case. He said Miller went part of the way and then concluded that Benett knew nothing and did not serve the paper.

Sylvester Perkins said that he was working in Fort Wayne the winter after the murder and that one day at the Wabash depot Miller met him and asked him why he was following him. The prisoner, said the witness, insisted that he was being watched at the instruction of Sheriff Grice and Postmaster Chapman. He said Miller cursed him and said he would see him that night at the Woodburn postoffice and fix things up, but did not appear.

At the late afternoon session yesterday George Miller, Mrs. Joseph Faulkner, Elmer Hinkley, Roy Eby and Henry Baker were on the stand. These witnesses were used to give little details of Miller's conduct after the murder in an effort to show that he had a guilty knowledge of the crime and was trying to shield himself.

SIBLEY IS INDICTED.

Pennsylvania Ex-Congressman is Charged With Corruption.

Warren, Pa., Sept. 8.—The special grand jury which has been investigating charges against former Congressman Joseph S. Sibley and four codefendants in connection with Sibley's nomination as the republican candidate for congress at the June primaries, returned true bills last night against each of the defendants. All are charged with conspiracy to bribe, debauch and corrupt voters of Warren county.

Besides Mr. Sibley, who is ill at his home in Franklin, the defendants are Frank H. Taylor, his private secretary; George B. Munn, David M. Howard and C. D. Crandall, the last three of this county. Of the $17,800 which Sibley's election expense account shows he spent in Warren county, Crandall, it is charged, received $12,800 and Howard $4,000 for expenditures.

BURGLARS LOOT CASH TILL.

Anderson, Ind., Sept. 8.—Burglars last night entered the shoe store of Brown & Hewitt and secured $5 from the cash drawer. An ineffectual attempt was made to enter the large safe in the store. The hinges were found removed from the safe when employes arrived at the store yesterday morning. The burglars had evidently been unable to work the combination.

LEAKING GAS PIPE FATAL.

Causes Death of Aged Couple and Temporarily Overcomes Workman.

Hammond, Ind., Sept. 8.—A defective gas pipe in the Calumet building in East Chicago caused the death of Mr. and Mrs. Henry Miller, an old couple who were employed as janitors in the building. The discovery was made by Justice J. C. Harlan, who detected the odor of gas when he entered his office this morning. George McKenna, an employe of the gas company, was also temporarily overcome when he attempted to repair the leak.

Indiana Woman Buys Possession of Boy Given Father on Divorce.

El Paso, Texas, Sept. 8.—Paying $10,000 for possession of her 9-year-old boy, Alexander Ferdinand Brunschwig, Mrs. William Eichel, formerly the wife of Felix Brunschwig, has established a new record for divorce court proceedings here. The court decree gave Mrs. Eichel possession of the boy two months each year, the carrying out of which required the father to send the boy from Paris, where he was making his home, once each year. For a consideration of $10,000 an agreement was made with the father giving the mother possession of the boy until he is 14 years old. Mrs. Eichel accompanied by her son, left for Chicago as soon as the decree was issued, and from there will go to her home in Evansville, Ind.

CAMPAIGN UNBALANCES MIND.

Guardian Named for Candidate for Indianapolis Mayoralty.

Indianapolis, Sept. 8.—On petition of Mrs. Gauss, Charles A. Gauss, democratic candidate for mayor of Indianapolis last year, has been adjudged of unsound mind and incapable of managing his property. Mrs. Gauss was appointed her husband's guardian in probate court by Judge Ross, under bond of $10,000. Mr. Gauss is now at a sanitarium at Oxford, O., having gone there after taking treatment at Rome City. At no time since the bitter race for the mayoralty has he been considered entirely rational. The physical tax and mental stress of that period are thought to have affected his mind.

ENTERS EIGHTH YEAR.

Rev. G. F. Byrer Returned as Pastor at the U. B. Church.

Rev. G. F. Byrer, pastor of the United Brethren church, returned home Wednesday evening from South Bend, where he had been in attendance at the St. Joseph conference of his church, which adjourned its sessions at that place on Tuesday of this week.

In the assignment of ministers to their charges for the coming conference year, Rev. Mr. Byrer was returned to Fort Wayne, entering upon his eighth year as pastor of the church here. The return of Mr. Byrer is welcomed by his congregation, which he has served faithfully and with whom he is popular. The church under his pastorate has made marked advancement.

As presiding elder of this district the conference named Rev. W. E. Stanton, who has been at Lafayette.

GAYNOR NOT AFTER OFFICE.

Will Not Discuss Report He is Receptive Candidate for Governor.

New York, Sept. 8.—Mayor Gaynor yesterday refused to discuss for publication a report recently printed in a New York morning newspaper that he is a "receptive candidate" for the democratic nomination for governor of this state, but the New York World will quote him tomorrow as denying authoritatively the truth of such a report. The denial is as follows:

"I speak for myself. No one is authorized to speak for me. If any one is doing so it is under false pretenses. I have not discussed politics with anybody and will not do so.

"I am still a sick man and am trying to get well. I have no interest in politics. If people continue to bother me about such matters I will go away, where I can have quiet."

IDA VON CLAUSSEN IN REAL GO

Woman Who Had Verbal Fight With Roosevelt Whips Bankers.

New York, Sept. 8.—Mrs. Ida Von Claussen, who won an international reputation in a verbal and epistolary fight with Roosevelt when he, as president, refused to compel the American minister to Sweden to present her at the court of King Oscar, yesterday had a real fight—hooks, jabs, swings, counters and fierce "mixing," with blood spilling—in the offices of the United States Mortgage and Trust company, 55 Cedar street.

Her first victim was Vice President Brewer, of the company. She "just plastered him," until he was reduced to absolute "grogginess," when a young clerk jumped in. He got kicked under a desk. Second Vice President Rasmus was then given a right-hand "hook" to the jaw that knocked the banker flat on his back. Then she downed the trust company's special officer. It finally took the combined efforts of all the men to stay her swirl of mighty blows and accurate punches.

When it was all over Mrs. Von Claussen, her eyes aglare, her gown stained, her fists still clinched, defied them to have her arrested. No one called a policeman and with her shoulders squared, defiant, she departed.

The trust company is trustee of an estate in which Mrs. Von Claussen has an interest. She thought she had $500 coming to her, but the trust company insisted she had drawn all due her.

BITTEN BY A PATIENT.

Matron of County Infirmary in Serious Condition.

Jeffersonville, Ind., Sept. 8.—While trying to induce one of the women patients of the county infirmary to take a bath Mrs. Joseph Carr, wife of the superintendent, was severely bitten on the hand and now is under the care of physicians. Mrs. Carr's hand is swollen and blood poisoning is threatened.

KILLED BY BROTHER'S THROW.

Washington Boy Struck in Temple by Baseball He Fails to Catch.

Washington, D. C., Sept. 8.—Failure to catch a baseball thrown swiftly by his brother yesterday resulted in the death of Edward W. Hoge, aged 12 years.

The brothers were playing catch. A hard thrown ball was missed by the boy, and it struck him in the right temple, felling him as if hit by a bullet.

His 14-year-old brother rushed up, gathered him in his arms, and carried him home, where a doctor, when summoned, pronounced the youth dead.

GIRL HURT IN SORORITY ORDEAL.

Falls From Street Car Blindfolded and Narrowly Escapes Blindness.

Logansport, Ind., Sept. 8.—Miss Catherine Crismond fell from a street car while blindfolded during her initiation into the mysteries of the Delta Theta Tau sorority and was picked up by a patrol wagon and taken to St. Joseph's hospital. Her parents declare she narrowly escaped total blindness and she is still in a critical condition. The police say nightgown parties and similar "sorority" stunts will be stopped by arrests in the future.

TROPICAL STORM APPROACHES.

Key West, Fla., Sept. 8.—Heavy squalls from the northeast, accompanied by rain and a falling barometer early this morning indicated the approach of the tropical storm, which was reported by the weather bureau off Porto Rico yesterday, when the winds had a velocity of seventy-two miles an hour. It is estimated the storm has traveled 200 miles in a west by north direction since yesterday.

NAMED ON 526TH BALLOT.

Shelbyville, Ind., Sept. 8.—It required 526 ballots to nominate a democratic candidate for prosecutor of Rush and Shelby counties at the convention here yesterday. Alonzo Blair, of this city, was nominated for judge and Rush county asked for the nomination for prosecutor, though John Cheney, the present prosecutor, maintained that he should have a second term.

INCREASED THE DIVIDEND.

New York, Sept. 8.—The directors of the Evansville & Terre Haute railway today declared an annual dividend of 5 per cent on the common stock. This is an increase of 1 per cent ver the previous year. The regular annual dividend of 5 per cent was declared on the preferred stock.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Sept. 8.—Although expectation of a bearish government crop report this afternoon made wheat a little easier at the opening today, resting commission orders to buy brought about a rally. A general idea was that the report would raise the condition of spring wheat from 61 last month to 64 or 65. This would indicate a crop of 225,000,000 bushels to be added to the 458,000,000 bushels of winter wheat. The market opened ¼@⅜c lower to ⅛@¼c higher. December started ½c down to ⅜@½c up at $1.00¾ to $1.00⅝@1.00¾. A rise to $1.00⅞@1.01 followed.

Corn was sharply higher because of a cold wave in the northwest headed for the corn belt. Selling was scattered but increasing on the bulge. December opened ⅜c to ½c up, at 55½@56c, and advanced to 56⅛c.

Oats climbed with corn. December started unchanged to ¼@⅜c higher at 35¼c to 35⅝@35⅛c and steadied at 35⅛c.

In view of light receipts of hogs there was considerable buying of January provisions. Opening prices were 5c higher to 5c lower, with that delivery at $18.80 for pork, at $10.70 for lard, and $9.97½ for ribs. An advance all around ensued.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Sept. 8.—Stocks showed evidence of support in the opening dealings today in face of another break in American Hide and Leather preferred of 2¾. Reading advanced 1, Union Pacific and American Telephone 5. Southern Pacific opened down ¾ and recovered immediately. New York Air Brake declined 2¾. The dealings were on a very small scale.

The drop in American Hide and Leather preferred was extended to 5¼, the price touching 19, the lowest of the year. The market otherwise was firm and higher and eased off somewhat at 11 o'clock. New York Central and Mackay Companies gained 1, Pacific Mail 1¼ and American Sugar 1¾. Pressed Steel Car fell 1 point.

Traders operated on the long side of stocks with expectation of a favorable government report. The advance was interrupted when the copper producers' report appeared, the heavy production in August being unfavorably regarded in spite of the large deliveries. Reactions from the best ran to a point in some of the market leaders and put prices lower than last night. Western Union rose 1¼ and International Paper preferred fell 1. Bonds were steady.

The tone of the market was slightly better, but there was a marked diminution in the volume of business. American Hide and Leather yielded 3 points to 92.

Speculation was featureless in the latter part of the day. Southern Railway preferred moved up a point. International Paper preferred broke 2¾.

The market closed lifeless. Prices touched the lowest after the appearance of the crop report and steadied afterward. International Paper preferred broke 5½, the common 2½, American Can preferred 1½, Toledo, St. Louis & Western 1¾, American Ice 1¾ and International Pump 1. Long Island and Union Bag preferred rose 1 point.

NOT FORMER FORT WAYNE MAN.

Joseph R. Loftus in East Whon Trouble Occurred in California.

Joseph R. Loftus, former Fort Wayne man now living in California, was in Fort Wayne on August 30, enroute eastward on a business trip, and it is therefore evident that he could have been in no wise connected with the trouble in Bakersfield, Cal., last Saturday, in which a man named J. R. Loftus shot and killed a man of the name of Lafferty following a quarrel. The former Fort Wayne man stopped for a few hours in Fort Wayne on his way eastward and called upon E. W. Cook and other friends. This makes it certain that the man involved in the shooting was another of the same name.

HAS PRICELESS RELIC OF LINCOLN

MRS. SAVALA VANDAVEER AND AXE USED BY ABRAHAM LINCOLN IN SPLITTING RAILS.

Montgomery, Mo., Sept. 8.—Mrs. Savala Vandaveer, who has lived in or near this town for eighty-four years, is the fortunate possessor of a very valuable relic—the axe with which Abraham Lincoln split rails while working for William Smith in Gentry county, Indiana, when he was only a youth with no thought of the wonderful future that was to be his.

There have been many doubting Thomases who have insisted that the story of Abraham Lincoln as a rail splitter was only a bit of fiction originally given out for political purposes. If any of these doubters should talk a few moments with Mrs. Vandaveer they would probably be convinced that Mr. Lincoln did split rails.

Your kidney trouble may be of long standing, it may be either acute or chronic, but whatever it is Foley's Kidney Remedy will aid you to get rid of it quickly and restore your natural health and vigor. "One bottle of Foley's Kidney Remedy made me well," said J. Sibbull, of Grand View, Wis. Commence taking it now. Dreier Bros.

RESULTS THAT REMAIN

Are Appreciated by Fort Wayne People.

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one special kidney medicine that cures permanently and there is plenty of proof right here in Fort Wayne.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now states that the cure was lasting.

Mrs. Elizabeth Swaidner, 2120 S. Calhoun St., Fort Wayne, Ind., says: "Kidney trouble caused me much suffering for at least four years and I have also had persistent pains across my back. Doan's Kidney Pills brought me prompt and lasting relief and consequently, I do not hesitate to recommend them." Statement given in December, 1908.

THE CURE LASTED.

On July 1, 1910, Mrs. Swaidner said: "The cure Doan's Kidney Pills effected in my case has been permanent. It gives me pleasure to re-indorse this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NO MEDICINE FOR CHILDREN.

Complaint is Made of Pentecost Band Home Near Indianapolis.

Indianapolis, Ind., Sept. 8.—On complaints of citizens of Bridgeport that at a charitable institution conducted there by the Pentecost bands, with headquarters at Indianapolis, medicine was withheld from sick children and only prayers were offered for their recovery, officers of the Indianapolis Humane society have begun an investigation. Secretary Sheets in a statement says that the complaints had been substantiated in part by nurses at the institution, who said that medicine prescribed by a physician for a fourteen year old girl suffering with typhoid fever and for a five months old baby had not been administered.

Rev. Thomas H. Nelson, superintendent of the Pentecost bands, is conducting camp meetings in Texas, but the secretary, Otto H. Nater, at the Pentecost mission here last night, answered the charges by saying that the giving of medicine at the Bridgeport institution is not restricted when it is demanded by or for the patients. However, he added, true followers of the faith do not believe in any other remedy for illness than prayer. He himself, he said, had been instantly cured of consumption through prayer.

The investigation is to be continued and a report will be made to the state authorities.

WHEN MERIT WINS.

When the medicine you take cures your disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley Kidney Pills do for you. In all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Dreier Bros.

WOLF & DESSAUER

Everyone Who Expects to Buy a Rug This Fall Should See Our

Exhibition of Handsome New Rugs

Home-makers will find a most interesting display of new room-size Rugs in our Carpet Department. Every serviceable weave and every beautiful new design awaits your inspection — it's a display worth seeing whether you wish to buy or not. **And the values are simply unapproachable**—they're the strongest we've ever offered, and that is saying much.

Among these new Rugs we mention particularly the luxurious French Wiltons; the celebrated Bundhar Wiltons, durable as iron; the equally famous Royal Wiltons—all these in new two-toned schemes and a range of monotone and soft colorings. There are also new Seamless Axminsters in self-tone, two-tone and oriental patterns. Some lovely new designs are shown in the popular Kilmarnock Rugs, those sturdy, wear-resisting rugs of Scotch weave, and new Body Brussels, Bussorah and Axminster Rugs in soft oriental colorings.
